# AIA® Document G706A™ – 1994 Instructions

## Contractor's Affidavit of Release of Liens

### GENERAL INFORMATION

**Purpose.** This document is intended for use as companion to AIA Document G706™, Contractor's Affidavit of Payment of Debts and Claims.

**Related Documents.** This document may be used with most of AIA's Owner-Contractor agreements and general conditions, such as A201 and its related family of documents. As noted above, this is a companion document to AIA Document G706.

**Use of Current Documents.** Prior to using any AIA document, the user should consult the AIA, an AIA component chapter or a current AIA documents list to determine the current edition of each document.

**Reproductions.** This document is a copyrighted work and may not be reproduced or excerpted from without the express written permission of the AIA. There is no implied permission to reproduce this document, nor does membership in The American Institute of Architects confer any further rights to reproduce this document.

The AIA hereby grants the purchaser a limited license to reproduce a maximum of ten copies of a completed AIA Document G706A™, but only for use in connection with a particular project. The AIA will not permit reproduction outside of the limited license for reproduction granted above, except upon written request and receipt of written permission from the AIA.

Rights to reproduce the document may vary for users of AIA software. Licensed AIA software users should consult the End User License Agreement (EULA).

To report copyright violations of AIA Contract Documents, e-mail The American Institute of Architects' legal counsel, [copyright@aia.org](mailto:copyright@aia.org).

### CHANGES FROM THE PREVIOUS EDITION

A cross reference to AIA Document A201 has been deleted to permit the use of G706A with other families of AIA documents, including construction management, interiors and design/build.

### COMPLETING G706A-1994

**General.** The Owner-Contractor Agreement is the usual source of required information such as the contract date and the names and addresses of the Owner, Project and Contractor.

**Architect's Project No.** This information is typically supplied by the Architect and entered on the form by the Contractor.

**Contract For.** This refers to the scope of the contract, such as "General Construction" or "Mechanical Work."

**Affidavit.** Indicate the state and county where the Affidavit is made. This is not necessarily the same location as the Project, but should be the location where the notary is authorized to administer sworn oaths. If there are any EXCEPTIONS to the statement, these should be listed in the space provided; otherwise enter as "None." It may be a stipulation of the Contract Documents that the Owner has the right to require the Contractor to furnish a bond to cover each exception listed on the Affidavit.

**Supporting Documents.** The AIA does not publish a "Release or Waiver of Liens" for contractors or subcontractors because of the great diversity of releases or waivers permitted by various state mechanics lien laws. Forms for such purposes may be available from local contractors' associations or may be written with the assistance of legal counsel.

### EXECUTING G706A-1994

The Notary Public should administer a sworn oath to the Contractor in reference to the written statements appearing on G706A, and should duly sign and seal this document containing the Contractor's signature. G706A should be signed by the Contractor or the Contractor's authorized representative.

# AIA® Document G706™ – 1994 Instructions

## Contractor's Affidavit of Payment of Debts and Claims

### GENERAL INFORMATION

**Purpose.** AIA Document G706™ is intended for use when the Contractor is required to provide a sworn statement verifying that debts and claims have been settled, except for those listed by the Contractor under "EXCEPTIONS" in the document. AIA Document G706 is typically executed as a condition of final payment.

**Related Documents.** This document may be used with most of the AIA's Owner-Contractor agreements and general conditions, such as AIA Document A201™ and its related family of documents. G706 also requires the attachment of several supporting documents, including AIA Documents G706A™, Contractor's Affidavit of Release of Liens, and G707™, Consent of Surety to Reduction in or Release of Retainage.

**Use of Current Documents.** Prior to using any AIA Contract Document, users should consult the AIA, an AIA component chapter or a current AIA Documents List to determine the current edition of each document.

**Reproductions.** This document is a copyrighted work and may not be reproduced or excerpted from without the express written permission of the AIA. There is no implied permission to reproduce this document, nor does membership in The American Institute of Architects confer any further rights to reproduce this document.

The AIA hereby grants the purchaser a limited license to reproduce a maximum of ten copies of a completed G706, but only for use in connection with a particular project. The AIA will not permit reproduction outside of the limited license for reproduction granted above, except upon written request and receipt of written permission from the AIA.

Rights to reproduce the document may vary for users of AIA software. Licensed AIA software users should consult the End User License Agreement (EULA).

To report copyright violations of AIA Contract Documents, e-mail The American Institute of Architects' legal counsel, [copyright@aia.org](mailto:copyright@aia.org).

### CHANGES FROM THE PREVIOUS EDITION

A cross-reference to AIA Document A201 has been deleted to permit the use of G706 with other families of AIA documents, including Construction Management, Interiors and Design-Build.

### COMPLETING G706

**General.** The Owner-Contractor Agreement is the usual source of required information such as the contract date and the names and addresses of the Owner, Project and Contractor.

**Architect's Project No.** This information is typically supplied by the Architect and entered on the form by the Contractor.

**Contract For.** This refers to the scope of the contract, such as General Construction or Mechanical Work.

**Affidavit.** Indicate the state and county where the Affidavit is made. This is not necessarily the same location as the Project, but should be the location where the notary is authorized to administer sworn oaths. If there are any EXCEPTIONS to the statement, these should be listed in the space provided; otherwise enter as "None." It may be a stipulation of the Contract Documents that the Owner has the right to require the Contractor to furnish a bond to cover each exception listed on the Affidavit.

**Supporting Documents.** The AIA documents listed as attachments to the G706 form should be of the same (current) edition date as G706. The AIA does not publish a "Release or Waiver of Liens" for contractors or subcontractors because of the great diversity of releases or waivers permitted by various state mechanics lien laws. Forms for such purposes may be available from local contractors' associations or may be written with the assistance of legal counsel.

### EXECUTING THE DOCUMENT

The Notary Public should administer a sworn oath to the Contractor referencing the written statements appearing on AIA Document G706, and should duly sign and seal this document containing the Contractor's signature. G706 should be signed by the Contractor or the Contractor's authorized representative.

RE: Digital Seal Authority and Enforceability Notice

To whom it may concern:

Due to the current COVID-19 Pandemic, the use of an electronic image of the corporate seal of Markel Insurance Company or SureTec Insurance Company (the "Digital Seal"), and the attachment of the Digital Seal to any surety bond issued by Markel Insurance Company or SureTec Insurance Company is authorized by the company. Markel Insurance Company and SureTec Insurance Company acknowledge and agree that the Digital Seal may be affixed to any surety bond and relied upon to the same extent as if a raised corporate seal was attached to the bond.

Delivery of a digital copy of this Digital Seal Authority and Enforceability Notice, executed electronically, to an Obligee or Obilgee's representative, shall constitute effective execution and delivery of this notice and shall have the same legal effect as a delivery of a tangible original of the notice with my original "wet" signature.

If you require further verification you may call our Home Office Underwriting Center at 1-800-732-0999 or send a verification request to [bondverification@markel.com](mailto:bondverification@markel.com).

In Witness Whereof, this has been executed by the Executive Vice President and Chief Underwriting Officer, Surety for each of Markel Insurance Company and SureTec Insurance Company.
