### **COMMITTEE RECOMMENDATION**

The Planning & Zoning Commission in a 6 to 0 vote recommended **approval** of the zone change.

### **STAFF RECOMMENDATION**

Staff **supports** the proposed zone change for the following reasons:

1. The proposed zone change is compatible with the surrounding area and neighborhood.
2. The proposed zone change is not in conformance with the Comprehensive Plan's designation as Agricultural, which does not include R-1MH zoning districts. However, it is not anticipated to have any negative impacts with the surrounding area or neighborhoods since there are residential uses already present in the area.

Staff **supports** the application.

**R-1MH.** The purpose of the R-1MH (Single Family Manufactured Housing District) is to permit subdivisions designed to meet the dimensional and configuration requirements for manufactured and modular housing neighborhoods.

**Is this change contrary to the established land use pattern?**

No. There are residential uses to the north of the site.

**Would this change create an isolated zoning district unrelated to surrounding districts?**

Yes. The proposed zone change will create an isolated zoning district.

**Will change adversely influence living conditions in the neighborhood?**

No. It is not anticipated to have any negative impacts with the surrounding area or neighborhoods.

**Are there substantial reasons why the property cannot be used in accordance with existing zoning?**

Yes. The existing zone does not allow for single family manufactured housing residential uses intended by the applicant.
