COMMITTEE RECOMMENDATION

The Planning & Zoning Commission in a 5 to 0 vote recommended **approval** of the planned unit development.

STAFF RECOMMENDATION

Staff **supports** the proposed Planned Unit Development for the following reasons:

1. The site abuts a large area of single family reduced uses, R-1A zoning district (Single Family Reduced Area), to the west.
2. The proposed use is compatible with the residential uses in the area.
3. The proposed use is not anticipated to have a negative impact in the surrounding area or neighborhood.
4. The proposed use is not in conformance with the Comprehensive Plan's designation as Parks, which does not allow R-1A zoning districts. However, the proposed use will introduce uses similar to the present uses in the surrounding area.

Staff **supports** the application.

Is this change contrary to the established land use pattern?

No, the zone will not change.

Would this change create an isolated zoning district unrelated to surrounding districts?

No, the zone will not change.

Will change adversely influence living conditions in the neighborhood?

No, the site abuts a large area of residential uses.

Are there substantial reasons why the property cannot be used in accordance with existing zoning?

The underlying zone allows single family townhouses.
