

Weatherproofing Technologies Inc.

National Cooperative Contractor Network Contract # R230404 R200108, and R220904

Roster Effective May 20, 2024

Table 7-3. In Network Contractor resources available to perform for Omnia Partners Public Sector participants.

Weatherproofing Technologies Inc. has created The National Cooperative Contractor Network that provides a unique and compliant method for qualifying members and/or participants to directly obtain the services of best in class, pre-qualified and local contractors. Tab 7-Value Add includes the independently owned contractors that are party to the Weatherproofing Technologies Inc. Omnia Partners Public Sector Master Contract. These companies are considered "In Network." This feature of the contract allows qualifying members and/or participants to select one or more pre-qualified, best-in-class, local companies for quoting projects. When engaged, the selected company will serve as the Prime Contractor for the delivery of the specified services. The recommended practice for the issuance of a purchase order or contract that utilizes an In-Network Contractor, is to include the following sample language within the qualifying member's and/or participant's standard purchase order procedure.

"Purchase order awarded to {insert selected in-network contractor's name}, in the amount of {insert purchase order amount}, in accordance with the Terms and Conditions outlined within the Omnia Partners Public Sector, Weatherproofing Technologies Inc. Master Contract No. R180903 or R200108 and related project documents."
