COMMITTEE RECOMMENDATION

The Planning and Zoning Commission in a 7 to 0 vote recommended **approval** of the special use permit with the amendment of condition number ten (10) to allow outdoor music pursuant to the City of Laredo Code of Ordinances, Article XI, *Noise Nuisances*.

STAFF RECOMMENDATION

A Special Use Permit is used for those types of uses that warrant individual attention on a case by case basis and should not be categorized in a zoning district. A Special Use Permit is basically an overlay on top of the existing zoning designation and can be limited in many respects, such as time, fencing, setbacks, landscaping, etc. A Special Use Permit is required for those restaurants located in R-O, B-1, or B-3 districts that wish to serve alcoholic beverages. The property is in a B-1 (Limited Business District) zoning district.

Staff **does not support** the proposed special use permit for the following reasons:

1. The site does not meet the minimum distance requirement of 300 feet between the proposed use and the nearest residential structure or residential zoning district, public park, public school, or church as per the Laredo Land Development Code Section 24.93.7. The measurement is to be made from the front door of the establishment serving alcohol to the nearest property line (by shortest route) to the front door of the church, public school, entrance to the public park, front door of the residential structure or zoning district boundary and in a direct line across intersections wherever they occur and consistent with the measurement methodology as has been adopted by the Texas Alcoholic Beverage Commission.
 - The distance to the nearest residential zoning district is approximately 179 feet.
2. The proposed use does not meet the required parking requirement as per the Laredo Land Development Code Section 27.78.3.
 - Total parking spaces required for the proposed restaurant and existing uses = 37 parking spaces.
 - Proposed restaurant requires = 17 parking spaces
 - Required remaining uses = 20 parking spaces
 - Actual amount identified on site plan = 25 parking spaces
 - Therefore, the proposed site would need an additional 12 parking spaces.
 - *** The parking calculations include the leased parking lot area which includes the daycare (use) located on that lot.
 - *** Please note the 14 parking spaces identified in the lease agreement do not meet the parking requirements as per the Laredo Land Development Code.
 - *** Please note the restaurant is being identified as a fast food service restaurant. If the restaurant changes to a sit-down restaurant, then it would require more parking spaces.
3. The primary use is compatible with the comprehensive plan, but does not meet the performance standards under the Laredo Land Development Code. Please refer to comments 1 and 2.

If approved, Staff suggests the following conditions:

1. The Special Use Permit is issued to Marc Solis/LowPoint Barbecue and may only be transferred upon application to and with the express permission of the City Council.
2. The Special Use Permit is restricted to 3,399 square feet as per the site plan, Exhibit A, which is

21. A business entity, which has been granted an SUP, is required to report (on a form approved by the Director of Building Services) any change in the entity's ownership status which occurs by virtue of the transfer of a majority of its stock or a majority of its membership interest to the City of Laredo Building Services Director. Any change in ownership interest shall be deemed a transfer of the business and shall require Council approval of the transfer of the existing SUP.
22. Failure to comply (#21 condition) above, shall render the existing SUP null, void and of no force or effect.

Staff **does not support** the application.

Is this change contrary to the established land use pattern?

No, there are similar uses (restaurants serving alcohol - Pizza Hut) within the vicinity.

Would this change create an isolated zoning district unrelated to surrounding districts?

No, the zone will not change.

Will change adversely influence living conditions in the neighborhood?

Possibly.

Are there substantial reasons why the property cannot be used in accordance with existing zoning?

Yes. The underlying zone requires the SUP overlay to allow for a restaurant serving alcohol.
