COMMITTEE RECOMMENDATION

The Planning & Zoning Commission in a 6 to 0 vote recommended **approval** of the zone change.

STAFF RECOMMENDATION

Staff **supports** the proposed zone change for the following reasons:

1. The proposed zone change is in conformance with the Comprehensive Plans designation as Neighborhood-Mixed-Use (ALL EXCEPT M-1, M-2, B-4, AH, AN, FH, OG, FiH), which includes B-3.
2. The proposed site meets the minimum lot width requirement of 46 feet for B-3 zoning districts as per the Laredo Land Development Code, Section 24.77.1 Dimensional Standards. The property's lot width is approximately 93 feet.
3. The proposed site is abutting a B-3 zoning district.

General Comments:

1. The approval of the zone change does not guarantee the issuance of the building permit, certificate of occupancy, or any other permit which may be required.
2. The use authorized by the zone change is required to abide by all relevant municipal codes.

IMPACT ANALYSIS

B-3. The purpose of the B-3 District (Community Business District) is to provide for those businesses and services serving a trade area larger than a neighborhood, but smaller than the entire city and located primarily along minor or principal arterial streets, as classified in the Transportation Plan of the City of Laredo. It is intended for this zoning classification to exist primarily abutting minor or principal arterial streets while preserving established residential neighborhoods along such streets.

Is this change contrary to the established land use pattern?

There are similar B-3 uses such as used car dealerships.

Would this change create an isolated zoning district unrelated to surrounding districts?

No, the proposed site is abutting B-3 zoning districts.

Will change adversely influence living conditions in the neighborhood?

Yes, it is anticipated to have a negative impact in the surrounding area or neighborhood due to an increase in noise.

Are there substantial reasons why the property cannot be used in accordance with existing zoning?

Yes, the existing zone does not allow for a reception hall as intended by the applicant.
