#### COMMITTEE RECOMMENDATION

The Planning & Zoning Commission in a 5 to 0 vote recommended approval of the zone change.

#### STAFF RECOMMENDATION

Staff **supports** the zone change for the following reasons:

- 1. The proposed zone change meets the Laredo Land Development Code location requirement stating that B-4 zoning districts should be located along Major Arterials or a Freeway. San Dario Avenue is identified as a Freeway on the Thoroughfare Plan.
- 2. The property meets the minimum lot area requirement of 10,000 square feet for B-4 zone districts as per the Laredo Land Development Code, Section 24.77.1 Dimensional Standards. The property lot area is approximately 3.29 acres (1 acre = 43,560 feet).
- 3. The proposed site abuts B-4 zoning districts to the north and south of the site.
- 4. There's a buffer between the proposed site and the residential uses to the east.

## Notice to the owner/applicant:

1. The approval of the zone change does not guarantee the issuance of a building permit and requires full compliance with all applicable municipal codes and regulations.

#### **IMPACT ANALYSIS**

B-4. The purpose of the B-4 District (Highway Commercial District) is to provide for those businesses and services serving a regional area which are to be located primarily along principal (major) arterial streets or the freeway, as classified in the Transportation Plan of the City of Laredo. It is intended for this zoning classification to exist primarily along principal arterial streets or the freeway and to impose site development regulations to ensure adequate access of all uses within this classification.

## Is this change contrary to the established land use pattern?

No, there are B-4 zoning districts abutting the site to the north and south of the site.

Would this change create an isolated zoning district unrelated to surrounding districts? No, there are B-4 zoning districts abutting the site to the north and south of the site.

## Will change adversely influence living conditions in the neighborhood?

No, it is not anticipated to have a negative impact in the surrounding area or neighborhood.

# Are there substantial reasons why the property cannot be used in accordance with existing zoning?

The applicant did not specify the intended use.
