#### COMMITTEE RECOMMENDATION

The Planning & Zoning Commission in a 5 to 0 vote recommended **approval** of the zone change.

#### STAFF RECOMMENDATION

A Special Use Permit is used for those types of uses that warrant individual attention on a case by case basis and should not be categorized in a zoning district. A Special Use Permit is basically an overlay on top of the existing zoning designation and can be limited in many respects, such as time, fencing, setbacks, landscaping, etc. A Special Use Permit is required for those restaurants located in R-O, B-1, and B-3 districts that wish to serve alcoholic beverages. The property is in a B-3 (Community Business District) zoning district.

Staff **does not support** the proposed special use permit for the following reasons:

1. The site does not meet the minimum distance requirement of 300 feet as per the Laredo Land Development Code Section 24.93.7, subsection (1). The measurement is to be made from the front door of the establishment serving alcohol to the nearest property line (by shortest route) to the front door of the church, public school, entrance to the public park, front door of the residential structure or zoning district boundary and in a direct line across intersections wherever they occur and consistent with the measurement methodology as has been adopted by the Texas Alcoholic Beverage Commission.
  - The distance to the nearest residential zoning district is approximately 288 feet.
2. The proposed use does not meet the required parking requirement as per the Laredo Land Development Code Section 24-78.83
  - Total parking required for the commercial plaza including the proposed restaurant = 144 parking spaces
  - Proposed restaurant requires: 19 parking spaces
  - Remaining commercial plaza requires: 125 parking spaces
  - Actual amount identified on the site plan: 93 parking spaces
