COMMITTEE RECOMMENDATION

The Planning & Zoning Commission in a 4 to 1 vote recommended approval of the zone change. However, two (2) commissioners abstained from the vote.

STAFF RECOMMENDATION

Staff does not support the proposed zone change for the following reasons:

1. The proposed zone change is not in conformance with the Comprehensive Plan's designation as Low Density Residential (R-1, R-1-MH, R-1A, R-1B, B-1R, and R-O), which does not allow for R-2 zoning districts.
2. The area within a one block radius is surrounded and abuts predominantly single family residential uses and R-1 zoning districts.
3. The proposed zone change will create an isolated R-2 zoning district.

Staff does not support the application.

R-2. The purpose of the R-2 (Multi-Family Residential District) is to provide an area for higher density residential uses and those public and semi-public uses normally considered an integral part of the neighborhood they serve.

Is this change contrary to the established land use pattern?

Yes. The area is predominately single-family residential uses.

Would this change create an isolated zoning district unrelated to surrounding districts?

Yes. The proposed zone change will create an isolated zoning district.

Will change adversely influence living conditions in the neighborhood?

It may be anticipated to have a negative impact in the surrounding area or neighborhood.

Are there substantial reasons why the property cannot be used in accordance with existing zoning?

Yes. The existing R-1 does not allow for condominiums intended by the applicant.
