### **COMMITTEE RECOMMENDATION**

The Planning & Zoning Commission in a 9 to 0 vote recommended approval of the zone change.

## **STAFF RECOMMENDATION**

Staff supports the zone change for the following reasons:

1. The proposed zone change meets the Laredo Land Development Code, Section 24.65.9, R-1B Single Family High Density District requirement, stating R-1B zoning districts shall be for new subdivision developments.
2. The proposed zone change is abutting R-1B zoning districts to the north of the site.
3. The proposed zone change is not anticipated to have a negative impact in the surrounding area or neighborhood.

Notice to the owner/applicant:

1. The approval of the zone change does not guarantee the issuance of a building permit and requires full compliance with all applicable municipal codes and regulations.

## **IMPACT ANALYSIS**

R-1B. The purpose of the R-1B (Single Family High Density District) is to provide for residential uses and those public uses normally considered an integral part of the residential neighborhood they serve. In addition, this district provides for the subdivision of single family residential lots with a minimum of 3,000 square feet.

### **Is this change contrary to the established land use pattern?**

No, there are residential uses to the north of the site.

### **Would this change create an isolated zoning district unrelated to surrounding districts?**

No, the proposed site is abutting R-1B zoning districts.

### **Will change adversely influence living conditions in the neighborhood?**

No, it is not anticipated to have a negative impact in the surrounding area or neighborhood.

### **Are there substantial reasons why the property cannot be used in accordance with existing zoning?**

Yes, the existing zone does not allow for R-1B lots as intended by the applicant.
