Sales Quote is valid for 30 days

The U.S. government has imposed tariffs on technology-related goods. Many of Insight's OEM and distribution partners have notified Insight that these tariffs will result in frequent and significant price increases. Some of our major partners have already provided Insight with cost increases, in some instances multiple times per day, while other providers are still assessing their situations. Due to the situation it is possible this quote may be subject to cost changes for Insight which will necessitate changes to the quoted pricing or withdrawal of the quote.
