NOW, THEREFORE, FOR AND IN CONSIDERATION, of the sum of Seven-Hundred Fifty and No/100 Dollars (\$750.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the **CITY OF LAREDO**, a home-rule municipality, and NDAS Development, LLC, being the parties to this **ANNEXATION AGREEMENT AND SERVICE PLAN**, do hereby mutually acknowledge, consent, and agree to the following terms, conditions and service plan for annexation by the City of Laredo of 23.942 acres tract of land, more or less, belonging to NDAS Development, LLC.

SERVICE PLAN

A petition for annexation from DNAS Development, LLC, was received for property designated as "Tract 1 (DNAS Development Tract)" described by metes and bounds in Exhibit "A" of this Annexation Agreement and Service Plan and made a part hereof for all purposes. This Service Plan was prepared in accordance with the requirements of Section 43.0672 of the Texas Local Government Code and was available for review by the public at hearings duly held on May 18, 2026. Public notice of the hearings was provided on May 2, 2026, not more than twenty or less than ten days before the hearings as provided in Section 43.0673 of the Texas Local Government Code.

Section 1. Services to be provided on the effective date of annexation

2. Fire protection and Emergency Medical Services: First response fire and EMS services will be provided to the area from Fire Station No. 10, which is located approximately 8.8 miles from the proposed site. Fire services include protection, prevention, and emergency medical response.

3. Solid Waste Collection: The collection and disposal of solid waste will be extended to the area within thirty days from the effective date of annexation on the same basis as other residential and institutional customers. Institutional, commercial, and industrial generators of solid waste may use city services or contract with private haulers. Disposal of all solid waste will be at the municipal sanitary landfill. Fees charged customers within the tract will be the same as all similarly classified customers.

4a. Operation and Maintenance of Public Water Services

RESIDENTIAL ANNEXATION FEE FOR WATER:

Lots under 10,000 sq.ft.	\$1,298.70/lot (135 gpcd X 3.7 person/lot X \$2.60/gal)

COMMERCIAL/INDUSTRIAL ANNEXATION FEE FOR WATER:

This fee is in addition to water availability or other fees but shall be superseded by the adoption and implementation of impact fees. Water service will be to the customer at the same rates charged like customers within the City Limits. The City Charter and City Ordinance require that all line extensions be made at the expense of the developer to conform to City Standards. Water for fire protection services will be provided to the tract on the same basis and subject to the same requirements as all new development within City Limits.

4b. Operation and Maintenance of Public Wastewater Services:

RESIDENTIAL ANNEXATION FEE FOR SANITARY SEWER:

Lots under 10,000 sq.ft.	\$2,205.20/lot (100 gpcd X 3.7 person/lot X \$5.96/gal)
Lots over 10,000 sq.ft.	\$2,591.48/lot

COMMERCIAL/INDUSTRIAL ANNEXATION FEE FOR SANITARY SEWER:

More than 5.01 acres	\$1,943.60/acre

This fee is in addition to water availability or other fees but shall be superseded by the adoption and implementation of impact fees. Wastewater service will be provided to the customer at the same rates charged like customers within the City Limits. The City Charter and City Ordinance require that all line extensions be made at the expense of the developer to conform to City Standards. Wastewater services will be provided to the tract on the same basis and subject to the same requirements as all new development within City Limits.

5. Maintenance of roads and streets: Public roads and streets will be maintained on the effective date of the annexation in the same manner as all roads and streets within the city limits. All thoroughfare rights-of-way shall be dedicated to comply with the Long-Range Thoroughfare requirements of the City of Laredo's Comprehensive Plan. Road maintenance consists of repair of paving, maintenance of traffic lights, controls and signals, and will be provided immediately upon annexation. Street lighting is required of all new development and will be provided at petitioner's expense.

6. Operation and Maintenance of parks, playgrounds and swimming pools: Any future residential developments proposed to be constructed on the annexed property must satisfy all requirements for parkland and improvement fees, as defined in the most recently adopted Parkland Dedication Ordinance.

7. Operation and Maintenance of other public facilities: No public facilities, public buildings, or other service facilities are presently located within the tract. All facilities required by the development shall be provided at the expense of the petitioner, its successors and assigns, or jointly in cooperation with the city at such time as warranted by the development.

The Service Plan does not contemplate the creation of another political subdivision, nor will it require the funding of capital improvements by the petitioner to which petitioner has not agreed prior to the institution of proceedings, or which will be charged in any manner inconsistent with Chapter 395 of the Texas Local Government Code. The Service Plan does not propose services in the area in a manner that would have the effect of reducing by more than a negligible amount the level of fire and police protection and emergency medical services provided within the corporate boundaries of the municipality before annexation.

If the annexed area had a lower level of services, infrastructure, and infrastructure maintenance than the level of services, infrastructure, and infrastructure maintenance provided within the corporate boundaries of the municipality before annexation, a service

plan must provide the annexed area with a level of services, infrastructure, and infrastructure maintenance that is comparable to the level of services, infrastructure, and infrastructure maintenance available in other parts of the municipality with topography, land use, and population density similar to those reasonably contemplated or projected in the area.

Section 2. Capital Improvements

The tract does not require the construction or acquisition of capital improvements by the City. Petitioner agrees to provide all roadways, drainage, and all public improvements at such time as the property is platted.

Section 3. Land Use

When the annexation results in the abutment of residential uses with M-1 (Light Manufacturing District) as defined in the Laredo Land Development Code, a 100 ft. buffer yard between the different land uses shall be required, and the buffer yard shall be maintained by the property owner. This *Section 3. Land Use* shall survive the expiration of this agreement.

The Service Plan is valid for a period of ten years, and all services within the area shall be provided in accordance with the Plan. Should an ordinance pertaining to reserve areas or impact fees be adopted by the City Council, the ordinance shall supersede any provisions established herein.
