Staff Recommendation: Staff approves the item subject to the following comments:

Planning:

1. A zone change will be required for the intended use. Please note that all zone change requests are subject to City Council discretion and are not guaranteed. Should the request be denied, a plat revision will be required.
2. The developer has submitted a notice of intention to place utilities in the front of the lot. The front- of-lot utility layout/schematics, as prepared by the Developer's engineer, shall be submitted to plan review (Section 3-4 B.2 - Subdivision Ordinance).
3. Provide a plat note stating that the lots adjacent to Cavatina Drive (Lots 1-9) will not have access to said Cavatina Drive, as double frontage lots should be avoided (Section 3.3 D. - Subdivision Ordinance).
4. Provide block numbers on the sketch (Section 2-3.2 (b)(1)(xvi) - Subdivision Ordinance).
5. Identify the purpose of Lot 10, Block 1, and include said lot in the Lot Summary Table.
6. Clarify the lot numbering as there is a substantial jump in the numerical sequence from Lot 9 to Lot 34.
7. Clarify if this is a phased development and label the plat accordingly.
8. Should this be a phased subdivision, provide a masterplan of the entire development that is being proposed in Lots 3 and 2, Block 7 San Isidro Northeast Las Palmas Subdivision, Phase 2, as this proposed replat appears to be part of a phased development. Masterplan should provide special consideration to intersection placement along Cavatina Drive due to the existing curve and potential street jogs.
9. Adjust the intersection at Montes De Oca Loop and Cavatina Drive as it creates a street jog with Fulgor Drive. "Street jogs with centerline effects of less than three hundred (300) feet shall be avoided" (Section 3-2 F. - Subdivision Ordinance).
10. Provide a plat note stating the purpose of the replat.
11. Provide a different street name for the street facing Lots 1-9 by the entrance.
12. Revise the Planning and Zoning Commission Approval Certificate to reflect Danela Sada Paz as the Chairman.
13. Revise the City Engineer Approval Certificate to reflect Eliud De Los Santos, P.E. as the City Engineer.
14. Revise the Planning Director's signature block to include "AICP".

15. Provide the recording information from the plat records for the adjacent tracts (Section 2-3.2 (b) (1)(xiii) - Subdivision Ordinance).
16. Identify all easements.
17. All improvements as per the Subdivision Ordinance.

Traffic:

1. Block length shall not be less than 300 feet. Existing street Fulgor is too closed to proposed street Montes de Oca Loop (As per Subdivision Ordinance Handbook Section 3-2.)
2. Submit Master Plan (As per Subdivision Ordinance Handbook, Chapter II).
3. Avoid Street jogs with centerline effect of less than 300 feet. Existing street Fulgor is not align to proposed street Montes de Oca Loop (As per Subdivision Ordinance Handbook, Chapter III Section 3- 2, F).
4. Subdivision Ordinance Handbook Section 3-2: Streets and Alleys

Streets in a subdivision shall:

- L. The system of streets designated for the subdivision, except in unusual cases, must connect with streets already dedicated in adjacent subdivisions; and where adjacent connections are not platted, must in general be the reasonable projection of streets in the nearest subdivided tracts, and must be continued to the boundaries of the tract subdivided, so that other sub-dividers may connect therewith. Reserve strips of land controlling access to or egress from other property from any street or alley or having the effect of restricting or damaging the adjoining property for subdivision purposes or which will not be taxable or accessible for special improvements shall not be permitted in any subdivision unless such reserve strips are conveyed to the City in fee simple.

N. Blocks and Street Lengths

1. Block lengths shall not exceed one thousand two hundred feet (1,200) or be less than three hundred (300) feet, except as may be required by the Commission in the proper projection of existing major thoroughfares, and on existing platted blocks.
 - a. Block lengths and street lengths may be waived by the Planning and Zoning Commission provided that the waiver is requested in writing, incorporates traffic impact mitigation measures into a site plan, which is then submitted in conjunction with a preliminary/replat application.
 - b. No block length waiver may be granted by the Planning and Zoning Commission unless traffic impact mitigation measures comply with standards (herein adopted as minimum standards) of the Institute of Transportation Engineers (Latest Edition) and as set out in the "Transportation and Land Development Manual (Latest Edition)".
 - c. No block length waiver may be granted which modifies the City of Laredo Comprehensive Plan or the Thoroughfare Plan of the Comprehensive Plan addressing thoroughfares, highways, arterials, and collectors, or of the proper extension of any street.

- d. A block length waiver shall not compromise safety.

1. Masterplan showing adjoining phase for this plat needs to be approved before this plat can be approved. Due to requirement of 2nd exit and distance between exits (half of diagonal distance of property served).
2. Fire hydrants are required every 500ft for residential development. (Ordinance 2012-O-183, IDC 2018 Section 507.5., where required. Fire hydrants shall be required along public and private streets at every 500ft for residential development.)

B. Preliminary consideration of the plat of D & J Alexander Commercial, Phase 15 – Alexander Garden Homes. The intent is residential.

PL-027-2026

District V – Councilmember Ruben Gutierrez, Jr.

Luis Vazquez, Planner, provided a brief overview on the item.

Ricardo Villarreal, Top Site Civil Group, provided background with regards to the cul-de-sac that is still owned by the City. He advised that Planning Staff had directed him to the Real Estate Department in order to determine if the land would revert to the owner automatically or require Council action. The plat would be adjusted accordingly. He continued addressing the commission by advising that Arthur Miller Ct was not part of this plat and had already received final plat approval, with construction to begin within 30 to 45 days. Therefore, the street length comment does not need to be stricken since it should not apply to this plat. R. Villarreal shifted discussion to the comment regarding the 300 foot street length and provided an aerial of the adjacent subdivision for use as an example, advising that due to typical lot depths, the standard could not be met. Additionally, he believed that there were no street jogs being created and that the Traffic comment regarding street lengths did not apply. He preferred that the items be resolved in the one-stop shop process.

Commissioner Barron arrived at 6:08 p.m.

Commissioner Garcia stepped out of the meeting at 6:13 p.m.

Commissioner Garcia stepped back into the meeting at 6:15 p.m.

Oscar Castillo, PEUA Consulting, agreed with Mr. Villarreal on Traffic Comment No. 3, N, 1, a, b, c, and d and stated that he spoke to Traffic and was told that the comment had to be mentioned but could be discussed at the meeting.

MOTION: Commissioner M. Martinez made a motion to approve the item subject to Staff comments and by striking Traffic Comment No. 3, N, 1, a, b, c, and d.

Motion Carried Unanimously

Staff Recommendation: Staff approves the item subject to the following comments:

Planning:

1. This subdivision proposes residential lots over a portion of existing City of Laredo right-of-way (ROW) as dedicated in the recorded plat of Lots 4A, 4B, 4C, Block 3, D&J Alexander Commercial Subdivision, Phase 15 (Vol. 41, Pg. 1, W.C.P.R.). The developer must secure title to the impacted land/right-of-way through the formal abandonment process prior to final plat approval (§ 2-3.2. (b) (2)(viii) - Subdivision Ordinance). Should the abandonment of said right-of-way be approved by the City Council, include pertinent ordinance information on the face of the plat; otherwise a redesign of the subdivision will be required.
2. A zone change will be required for the area proposed for abandonment. Please note that all zone change requests are subject to City Council discretion and are not guaranteed. Should the request be denied, a plat revision will be required.
3. A portion of the proposed subdivision is located within Subdistrict C (65 Ldn to 70 Ldn) of the Airport Noise Specific Use Zoning Overlay District. Provide the required avigation easement, contour line(s), and include the following plat note "This property (or a part thereof) is located within an area subject to potentially excessive airport noise levels. 4. Development/Structures must comply with Airport Land Use Compatibility Chart, Section 24-65.4, Land Development and Airport Noise District Ordinance, Section 24-68, Land Development Code

5. There is a street jog between “Street B” and Harper Lee Drive (approx. 250ft). Pursuant to Section 3-2 F of the Subdivision Ordinance "Street jogs with centerline effects of less than three hundred (300) feet shall be avoided". Adjust accordingly.
6. Reconfigure the block numbers as there are duplicate block numbers on the sketch (e.g., block 1). In addition, renumber the Lot Summary Table in numerical order.
7. This plat currently does not have access to a public street. Recordation of this plat is contingent upon the recordation and construction of Arthur Miller St (Arthur Miller Extension Plat) (§ 3.3 C - Subdivision Ordinance).
8. Provide street names.
9. Ensure all bearings are identified on the sketch (§2.3.2 (b)(2)(iii) - Subdivision Ordinance)
10. Provide a plat note stating that the lots adjacent to Arthur Miller Street shall have no direct access to Arthur Miller Street (§ 3-3 D - Subdivision Ordinance - Double frontage lots).
11. Provide a masterplan amendment as the land use identified on the current masterplan (approved on 12-19-2024) for this portion of Phase 15 is “Commercial”, and is being revised to “Single Family Residential”. Please note that this change in land use is considered a "substantial alteration" (§ 2-3.5(f) - Subdivision Ordinance). Therefore, this will be considered the first in a new series of permits (Chapter 245 Texas Local Government Code)."
12. Identify all easements.
13. All improvements as per the Subdivision Ordinance.

SUBJECT

Amending the Zoning Ordinance (Map) of the City of Laredo by rezoning approximately 1.3 acres, as further described by metes and bounds in attached "Exhibit A", located south of Avenida Los Presidentes and west of Lone Star Loop, from R-1 (Single Family Residential District) to B-1 (Limited Business District).

PREVIOUS COUNCIL ACTION

None.

BACKGROUND

Initiated by: AV Homes, L.C., Owner; Circle K Stores, Inc., Applicant; Marcella Rocha/Circle K Stores, Inc., Representative

Council District: III - Cm. Melissa R. Cigarroa

Proposed Use: The proposed use is for a convenience store with fuel sales (gasoline service station).

Site: The site is currently vacant undeveloped land.

Surrounding Land Uses: To the north of the site is Avenida Los Presidentes, vacant developed land, Concord Hills Boulevard, and single-family residential uses. To the east of the site is Lone Star Loop, Avenida Los Presidentes, vacant undeveloped land, and single-family residential uses. To the south of the site is primarily vacant land and single-family residential uses. To the west of the site is Pedernales Drive, Dallas Drive, single-family residential uses, and vacant developed land.

Comprehensive Plan: The Future Land Use Map recognizes this area as Neighborhood Mixed-Use.
https://www.openlaredo.com/planning/2017_Comprehensive_Plan-Viva_Laredo.pdf#page=39

Transportation Plan: The Long Range Thoroughfare Plan identifies Avenida Los Presidentes as a Proposed Minor Arterial and Concord Hills Boulevard as a Collector.

Letters sent to surrounding property owners: 7 In Favor: 0 Opposed: 0

Staff supports the proposed zone change for the following reasons:

1. The proposed zone change is in conformance with the Comprehensive Plan's designation as Neighborhood Mixed-Use (All Except, M-1, M-2, AH, AN, FH OG, B-4 allowed with exceptions***), which includes B-1 zoning districts.
2. The proposed zone change is appropriate at this location since it's at the intersection of two major roads, Concord Hills and Avenida Los Presidentes, which are both proposed minor arterials.
3. The proposed use is compatible at this location, as a convenience store with fuel sales (gasoline service station) will provide additional amenities to the surrounding area.

Notice to the owner/applicant:

1. The approval of the zone change does not guarantee the issuance of the building permit and requires full compliance with all applicable municipal codes and regulations.

COMMITTEE RECOMMENDATION

The Planning & Zoning Commission in a ___ to ___ vote recommended ___ of the zone change.

STAFF RECOMMENDATION

IMPACT ANALYSIS

B-1. The purpose of the B-1 Limited Business District is to provide for business and commercial development serving a limited geographic area or neighborhood.

Is this change contrary to the established land use pattern?

The vicinity of the site is primarily vacant land and single-family residential uses.

Would this change create an isolated zoning district unrelated to surrounding districts?

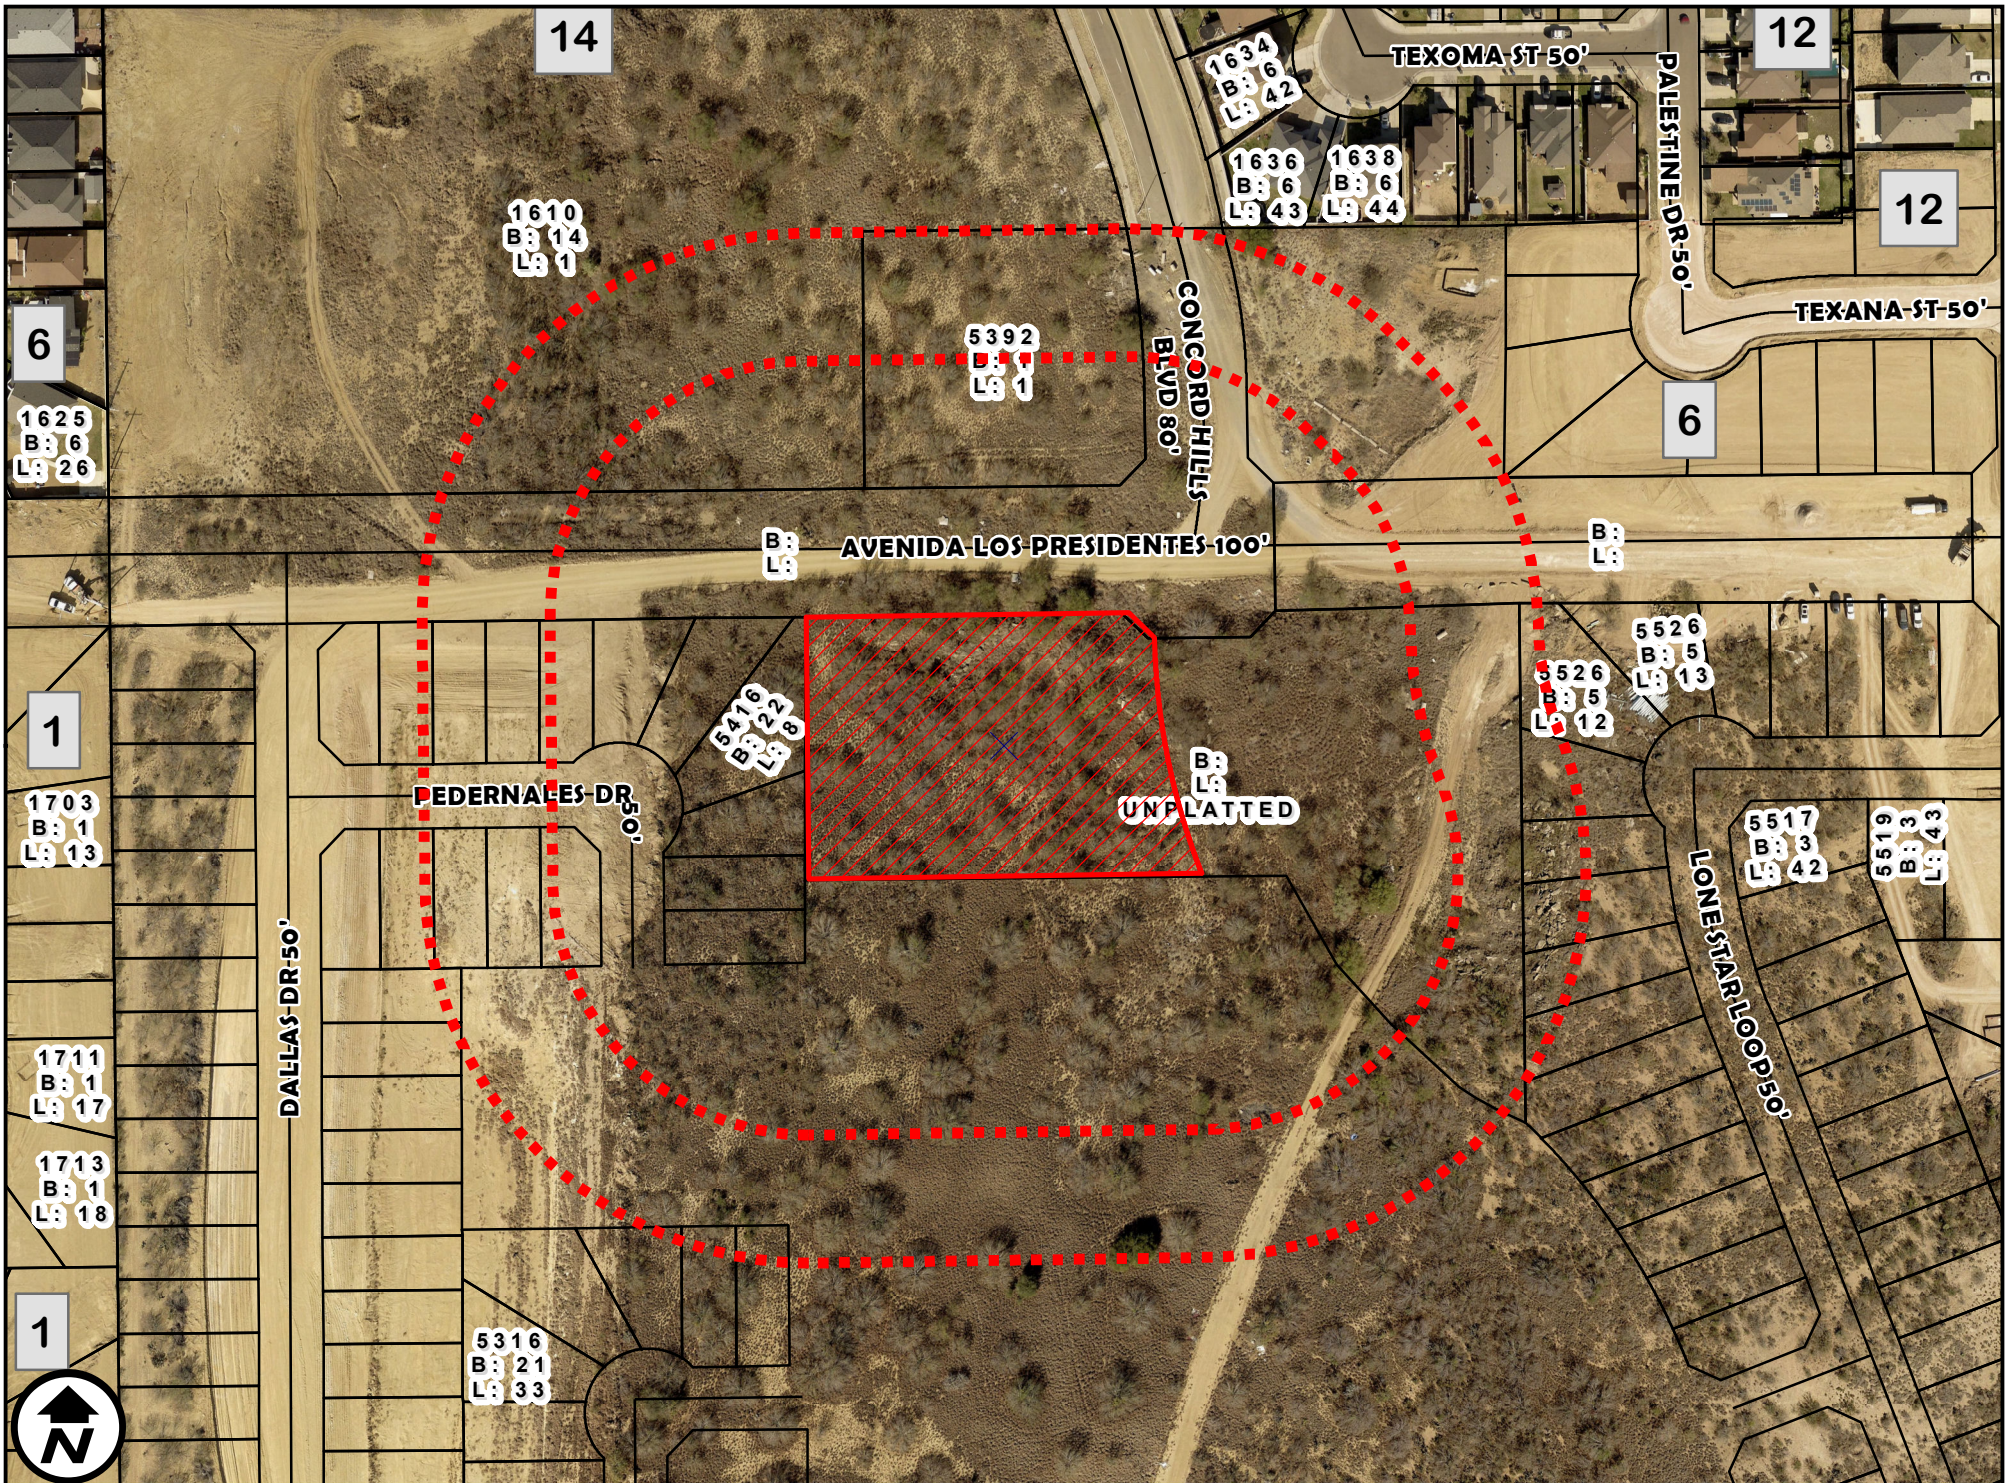

Yes. The proposed zone will create an isolated zoning district. However, there is a large B-3 zoning directly across Avenida Los Presidentes.

Will change adversely influence living conditions in the neighborhoods?

No. The proposed zone change is not anticipated to have a negative impact with the surrounding area or neighborhoods.

Are there substantial reasons why the property cannot be used in accordance with existing zoning?

Yes. The existing zone does not allow for a convenience store with fuel sales (gasoline service station) as intended by the applicant.

Letters sent to surrounding property owners: 30 In Favor: 0 Opposed: 0

Staff supports the proposed zone change for the following reasons:

1. The proposed use is compatible at this location, as there are similar uses, such as manufactured homes, within the surrounding area.
2. The proposed zone change is appropriate at this location since there are R-3 zoning districts within the vicinity of the site.
3. Although, the proposed zone change is not in conformance with the Comprehensive Plan's designation as Medium Density Residential (R-1, R-O, R-2, B-1R, R-1B), it is not anticipated to have a negative impact with the surrounding area or neighborhoods, as the proposed zone change and proposed use already exist in the area.

Notice to the owner/applicant:

1. The approval of the zone change does not guarantee the issuance of the building permit and requires full compliance with all applicable municipal codes and regulations.

COMMITTEE RECOMMENDATION

The Planning & Zoning Commission in a ____ to ____ vote recommended ____ of the zone change.

STAFF RECOMMENDATION

IMPACT ANALYSIS

R-3. The purpose of the R-3 (Mixed Residential District) is to provide an area for higher density residential uses, the use of mobile homes on single lots, and those public and semi-public uses normally considered an integral part of the neighborhood they serve.

Is this change contrary to the established land use pattern?

No. There are manufactured homes and single-family residential uses within the vicinity of the site.

Would this change create an isolated zoning district unrelated to surrounding districts?

No. There are R-3 zoning districts to the east and southwest of the site.

Will change adversely influence living conditions in the neighborhoods?

No. The proposed zone change is not anticipated to have a negative impact with the surrounding area or neighborhoods.

Are there substantial reasons why the property cannot be used in accordance with existing zoning?

Yes. The existing zone does not allow for a mobile home and a single-family detached residential use as intended by the applicant.

Councilman,

My name is Luis Alfredo Castillo, I want to inform you about my ideas towards the lot, if you approve my recommendation. The first thing in my agenda is to pay off the lot which would take me around a year to do so.

Then, I would start saving money to begin to construct my new home. I calculate to finish in seven years I know I am asking too much time but I want to be free from owing too much money to banks. I want take advantage of not paying rent somewhere else. My family and I will be very thankful if we get approve.

Thank you,

STAFF COMMENTS:

A Special Use Permit is used for those types of uses that warrant individual attention on a case by case basis and should not be categorized in a zoning district. A Special Use Permit is basically an overlay on top of the existing zoning designation and can be limited in many respects, such as time, fencing, setbacks, landscaping, etc. A Special Use Permit is required for those restaurants located in R-O, B-1, or B-3 districts that wish to serve alcoholic beverages. The property is in a B-3 (Community Business District) zoning district.

Staff supports the proposed special use permit at this location for the following reasons:

1. The site meets the minimum distance requirement of 300 feet as per the Laredo Land Development Code Section 24.93.7, subsection (1). The measurement is to be made from the front door of the establishment serving alcohol to the nearest property line (by shortest route) to the front door of the church, public school, entrance to the public park, front door of the residential structure or zoning district boundary and in a direct line across intersections wherever they occur and consistent with the measurement methodology as has been adopted by the Texas Alcoholic Beverage Commission.

- The distance to the nearest residential structure is approximately 370 feet.

2. It is not anticipated to have a negative impact in the surrounding area or neighborhood because there will be no outdoor patio.

If approved, Staff suggests the following conditions:

1. The Special Use Permit is issued to Javier Adrian Gonzalez, and may only be transferred upon application to and with the express permission of the City Council.
2. The Special Use Permit is restricted to 4,910 square feet located, with no outside patio, as per Exhibit A, which is made part hereof for all purposes.
3. The hours of operation shall be limited to, Sunday through Wednesday 9:00 a.m. to 2:00 a.m. and Thursday through Saturday 9:00 a.m. to 3 a.m.

4. The building identified as a warehouse is intended solely for storage and office use associated for the restaurant.

5. Lighting of property shall be screened to avoid adverse impact on adjacent residential neighborhoods.

6. Landscaping shall be provided in accordance with the City of Laredo Land Development Code.

-The site plan shall identify a total number of 7 trees and 28 shrubs for the surface parking:

*Formula: One (1) tree for every ten (10) parking spaces, as per section 24.83.3 (1)

.67 total parking spaces / 10 = 6.7 trees

.Total number of trees required: 7 Trees

*Formula: The length of the public street or thoroughfare measured in linear feet at the centerline of the street and adjacent to the property (152.46 Linear Feet, LF) divided by 30.

.Length of the public street 152.46 LF / 30 =5.082 trees

.Total number of trees required: 5 Trees

*Formula: The number of shrubs required shall be equal to the total number of trees required multiplied by four (4), as per section 24.83.3 (2).

.7 trees + 5 trees =12 trees

.12 trees X 4shrubs = 48 shrubs

.Total number of Shrubs required: 48 Shrubs

7. The owner shall provide an opaque fence or wall of not less than 7 (seven) feet in height along any side or rear property lines in which abut or adjoin property containing a residential use or residential zoning district. Apartment complexes, residential condominiums or residential townhomes shall be similarly screened irrespective of which zoning district they occur in.

8. Establishments must make provisions to keep litter to a minimum, and to keep it from blowing onto adjacent streets and properties.

9. Signage shall be consistent with the City's Sign Ordinance and TABC rule or regulation.

10. Off-street parking shall be provided in accordance with the City of Laredo Land Development Code.

11. Outdoor music and speakers are prohibited. The property owner must comply with all City Noise Ordinances provisions of the City of Laredo Code of Ordinances.

12. At all times the restaurant is open to the public for business, it shall continually maintain and serve food from its full-service menu.

13. The restaurant shall not exceed the "Occupant Load" as set forth in the Certificate of Occupancy with Occupant Load.

14. The restaurant shall, during all hours of operation, maintain, free from obstruction or impediment to full instant use in the case of fire or other emergency, all exit accesses, exits or exit discharges.

15. The restaurant shall undergo an annual Fire Inspection.

16. All permits, licenses, certifications and inspections required by the codes and ordinances of the City of Laredo shall be kept up to date and current including but not limited to: a. Food Manager License (annual) b. Food Handler's Permit (annual), c. Certificate of Occupancy with Occupant Load. Occupant Load being the approved capacity of a building or portion thereof.

17. Owner shall comply with, Building, Health, Safety, and all applicable codes and regulations as required.

18. The restaurant shall maintain and comply with the BLUE Gun Sign regulations as per TABC (not exceed the required alcohol sales percentage).
19. The restaurant shall provide the City of Laredo, Building Development Services Department with a copy of the current TABC License to include but not limited to any renewals or amendments as they occur.
20. A business entity, which has been granted an SUP, is required to report (on a form approved by the Building Official of designee) any change in the entity's ownership status which occurs by virtue of the transfer of a majority of its stock or a majority of its membership interest to the City of Laredo Building Services Building Official or designee. Any change in ownership interest shall be deemed a transfer of the business and shall require Council approval of the transfer of the existing SUP.
21. Failure to comply (# 19 condition) above, shall render the existing SUP null, void and of no force or effect.
22. The use authorized by the special use permit is required to abide by all relevant municipal codes.

Notice to the owner/applicant:

1. The approval of the special use permit does not guarantee the issuance of a building permit and requires full compliance with all applicable permanent codes and regulations.

COMMITTEE RECOMMENDATION

The Planning & Zoning Commission in a ____ to ____ vote recommended ____ of the special use permit.

PLACE THE TREE OR SHRUB IN THE CENTER OF THE HOLE AND ADJUST IT SO THAT IT IS STRAIGHT AND AT THE PROPER LEVEL.
- (3) FOR BALLED AND BURLAP-WRAPPED PLANTS, PULL THE TOP AND SIDES OF THE BURLAP AWAY FROM THE BALL AFTER THE HOLE HAS BEEN PARTIALLY BACKFILLED BUT BEFORE WATERING. DO NOT ATTEMPT TO PULL THE BURLAP OUT FROM AROUND THE BALL UNDER ANY CIRCUMSTANCES. ALL WIRE AND SAMPLES BINDING FROM THE TOP AND SIDES OF THE BALL SHOULD BE REMOVED.
- (4) BACKFILL WITH THE ORIGINAL SOIL AND FIRM THE SOIL UNTIL APPROXIMATELY TWO-THIRDS (2/3) FULL. BEFORE COMPLETING, FILL THE HOLE WITH WATER AND ALLOW THE SOIL TO SETTLE AROUND THE ROOTS. AFTER THE WATER HAS BEEN ABSORBED, ADD TOPSOIL TO BRING UP TO GRADE AND FORM A WATERING BASIN AROUND THE TREE.
- (5) ANTI-EROSION BASIN, APPROXIMATELY FOUR (4) INCHES IN HEIGHT, SHALL BE FORMED AROUND THE TREE OR SHRUB WITH TOPSOIL TO RETAIN WATER AND PROTECT THE TRUNK FROM FLOOD DAMAGE. INDIVIDUAL PLANT PITS SHALL BE COMPLETELY FENCED BY THE BASIN, EXCEPT ON STEEP SLOPES WHERE THE BASIN IS FORMED ON THE DOWNHILL SIDE TO SERVE AS A DAM.
- (6) TREES TALLER THAN FOUR (4) FEET MAY NEED TO BE STAKED. RUBBER HOSE SHALL BE USED TO PROTECT THE TREE FROM THE STAKING WIRE.
- (7) THE TREES AND SHRUBS MUST BE WATERED IMMEDIATELY AFTER PLANTING AND AS NEEDED DURING THE FIRST TWO (2) GROWING SEASONS. A THOROUGH SOAKING IS PREFERRED OVER LIGHT, FREQUENT SOAKINGS.
- (8) THE ENTIRE AREA FORMED WITHIN THE BASIN SHALL BE FILLED WITH 3 TO 4 INCHES OF MULCH TO HELP CONSERVE MOISTURE AND REDUCE COMPETITION FROM WEEDS.
- (9) ALL TREES AND SHRUBS SHALL BE PLANTED IN INDIVIDUAL HOLES WITH THE EXCEPTION OF HEDGES. HEDGES MAY BE PLANTED IN A CONTINUOUS TRENCH AS LONG AS ADEQUATE ROOM IS ALLOWED FOR ROOT DEVELOPMENT.
- (A) STAKING, GUYING AND WRAPPING
- (1) ALL EVERGREEN AND DECIDUOUS TREES OVER FOUR (4) FEET TALL NEED TO BE SUPPORTED BY AN ACCEPTABLE METHOD TO KEEP THE TREE TRUNK IN AN UPRIGHT POSITION IMMEDIATELY AFTER PLANTING. BRACING PREVENTS THE TREE FROM BEING DAMAGED BY STRONG WINDS WHICH LOOSENS THE SOIL AROUND THE BASE OF THE TREE AND INJURES THE ROOTING SYSTEM.
- (2) THE IRRIGATION SYSTEMS SHALL BE DESIGNED AND CALIBRATED IN ORDER TO THOROUGHLY SOAK THE ROOT AREA OF THE PLANT AREA WITH THE FREQUENCY NECESSARY TO ESTABLISH NEWLY PLANTED TREES AND SHRUBS AND TO SUSTAIN THEIR HEALTHY GROWTH.
- (3) THE SYSTEM USED SHALL BE DESIGNED TO MINIMIZE THE AMOUNT OF SPRAY THAT WILL FALL ON SIDEWALKS, NEIGHBORING PROPERTIES AND ADJACENT BUILDINGS IN ORDER TO ACHIEVE WATER CONSERVATION.
- (4) THE PROPERTY OWNER SHALL BE RESPONSIBLE FOR IRRIGATION AS WELL AS REGULAR MAINTENANCE OF THE TREES AND SHRUBS.
- ALL TREES ARE TO BE WATERED WITH BUBBLERS AND TO BE ON THEIR OWN SEPARATE IRRIGATION ZONE.
- MOUNTAIN LAUREL IS ON THE PLAN, BUT OTHER SPECIFY A VARIETY OF DIFFERENT NATIVE TREES, OR SPECIFY THAT THEY CAN BE LATER SUBSTITUTED BY DIFFERENT NATIVE TREE SPECIES FROM APPENDIX F-1 GIVEN AVAILABILITY.

NOTE:
1. INSTALL WEED BARRIER UNDER MULCH/GRAVEL AT ALL LANDSCAPE BEDS. REFERENCE LANDSCAPE NOTES AND PLANTING DETAIL FOR REQUIREMENTS.
2. CONTRACTOR SHALL BE RESPONSIBLE FOR REPAIRING ANY LAND AREA DISTURBED DUE TO CONSTRUCTION, TO THE SATISFACTION OF THE OWNER. REPAIR SHALL INCLUDE, BUT IS NOT LIMITED TO, TILLING OF COMPACTED SOIL, REMOVING DEBRIS, INSTALLING QUALITY TOPSOIL, AND ESTABLISHING A VEGETATIVE COVER.
AT THE OFFICE PARKING ALL TREES SHALL BE WATERED BY BUBBLER IRRIGATION ON ITS OWN VALVE.

NOVEMBER 12, 2025

To whom it may concern,

We are writing this letter of intent to the City of Laredo to request an application to get a permit for sale of alcohol for our future restaurant project, which be in 7101 & 7105 Mcpherson Rd. Laredo Tx. 78045.

I am an entrepreneur, I started with my wife our first location back in 2016, in 1001 Bristol Rd., we started selling only snacks, then all kind of Mexican food, and 3 years ago I requested a permit for alcohol sale, which only sell beer. Now a day our business has not had any problems, and all tax payments and licensing have been made.

We are focused on this new project that for many years we have in our minds and goals to have our own place for our family, and for all the Laredo ´s family.

Through this letter, we wish to express our interest in creating our project for a family-friendly restaurant, complying with the requirements established by the City of Laredo. The project includes a restaurant area, a children-s play area and a menu of home-style Mexican meals and beverages for all ages.

This, with your support and collaboration, will help generate more than 25 jobs in this commercial area, currently in zone B3.

Therefore, that ´s what I am here to request a special use permit for beverage and liquors to continue the properly development, design (with whom I am working with Alberto Salas who is part of MA Spacios) and engineering with Daniel Gomez who is part of Daniel Gomez Engineering, P.C.) for the restaurant project for the comfort of our customers.

A handwritten signature in dark ink, appearing to read 'Javier Adrian Gonzalez', with a long horizontal line extending to the right.

Sincerely

Javier Adrian Gonzalez

COMMITTEE RECOMMENDATION

The Planning & Zoning Commission in a ____ to ____ vote recommended ____ of the zone change.

STAFF RECOMMENDATION

IMPACT ANALYSIS

R-1B. The purpose of the R-1B (Single Family High Density District) is to provide for residential uses and those public uses normally considered an integral part of the residential neighborhood they serve. In addition, this district provides for the subdivision of single family residential lots with a minimum of 3,000 square feet.

Is this change contrary to the established land use pattern?

No, there are residential uses to the north of the site.

Would this change create an isolated zoning district unrelated to surrounding districts?

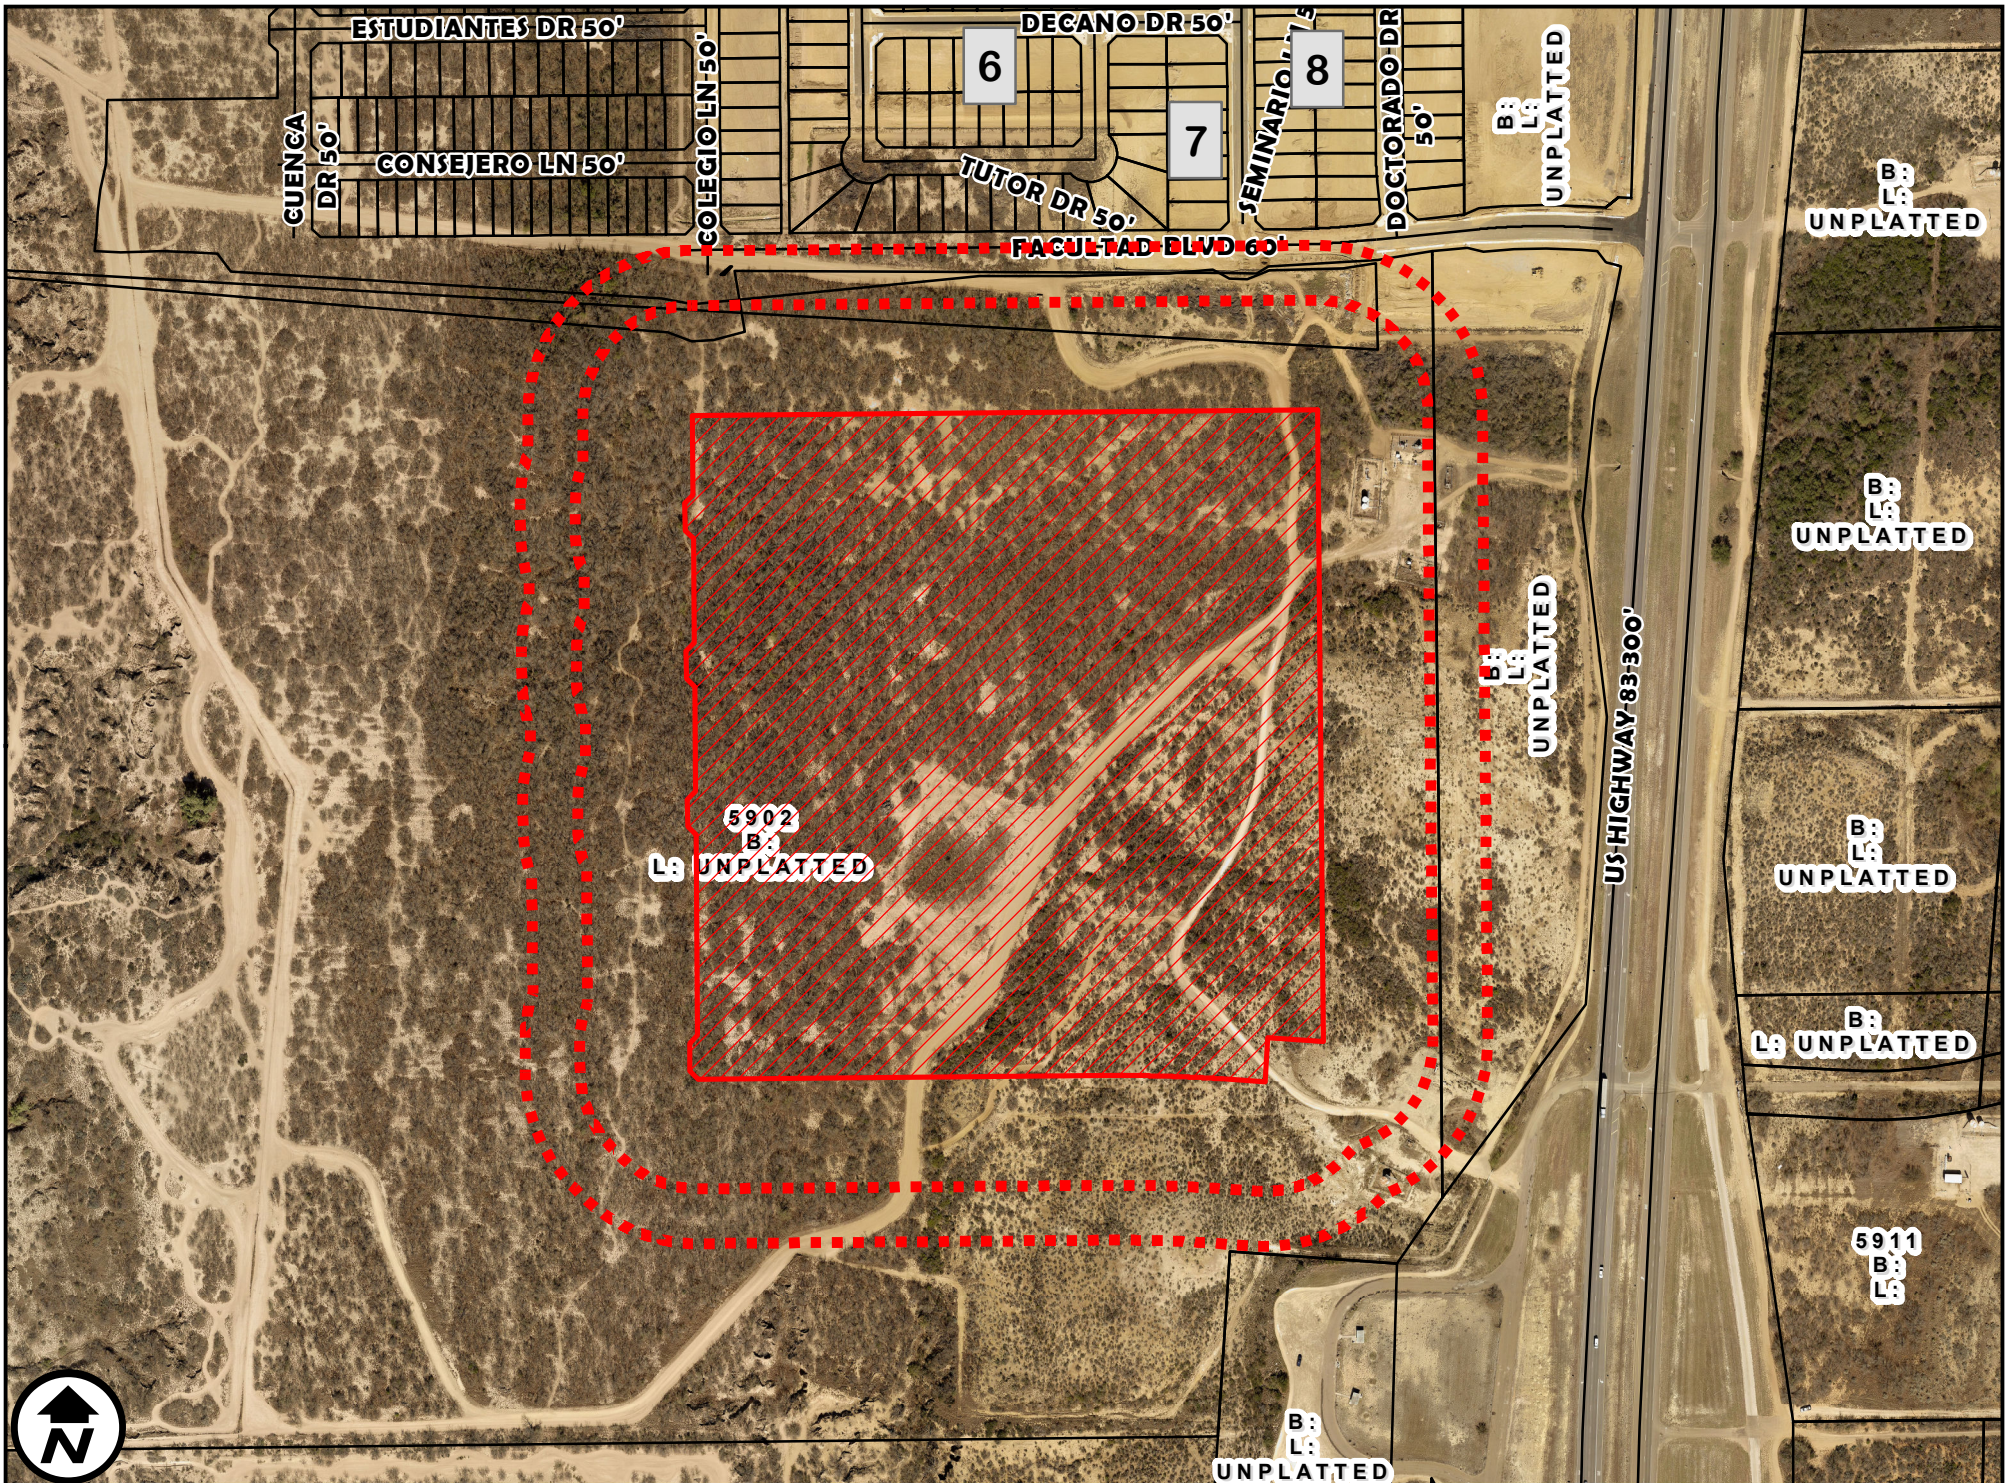

No, the proposed site is abutting R-1B zoning districts.

Will change adversely influence living conditions in the neighborhoods?

No, it is not anticipated to have a negative impact in the surrounding area or neighborhood.

Are there substantial reasons why the property cannot be used in accordance with existing zoning?

Yes, the existing zone does not allow for R-1B lots as intended by the applicant.
