

Bike Trail Feasibility and Concept Planning

Feasibility

Rock Solid Crew will scout the site to determine the scope of work possible, and limitations due to environmental and geographical factors

Concept Planning

Rock Solid will deliver a concept plan based on data collected during person visits, GIS analysis, and other sources.

Example: Spearfish, SD

Focusing on 3 zones

Limited to maps and 1 page of text vs report

Example: Ashmun Creek, MI

Concept Plan for Shiloh Park

MTB and Recreation Trails to Connect 3 Parks
(Divine Mercy, Shiloh Trails, North Central Park)

Rock Solid is estimating the Feasibility Study and Concept Planning will total \$19,500.
