### COMMITTEE RECOMMENDATION

The Planning & Zoning Commission in a 5 to 0 vote recommended **approval** of the zone change.

## STAFF RECOMMENDATION

Staff **does not support** the proposed zone change for the following reasons:

1. The proposed zone change is not in conformance with the Comprehensive Plan's designation as Low Density Residential (R-1, R-1-MH, R-1A, R-1B, R-S, B-1R, and R-0 with exceptions\*), which does not include R-3 zoning districts.
2. There is a clear division of the R-3 zoning district on Mercer Street and Tapeyste Avenue.
3. The proposed use is located in an area that is predominantly single-family residential uses.

\*\*\*Please be advised the applicant needs to plat in order to obtain building permits.

Staff **does not support** the application.

**R-3.** The purpose of the R-3 (Mixed Residential District) is to provide an area for higher density residential uses, the use of mobile homes on single lots, and those public and semi-public uses normally considered an integral part of the neighborhood they serve.

### **Is this change contrary to the established land use pattern?**

The proposed site is primarily surrounded by single-family residential uses.

### **Would this change create an isolated zoning district unrelated to surrounding districts?**

No. There are R-3 zoning districts located to the south (across Mercer Street) and to the west (across Tapeyste Street).

### **Will change adversely influence living conditions in the neighborhood?**

It is anticipated to have a negative impact in the surrounding area or neighborhood due to the possible increase of traffic.

### **Are there substantial reasons why the property cannot be used in accordance with existing zoning?**

Yes. The existing zone of R-1 does not allow for a duplex as intended by the applicant.
