#### [NIGHT OWL SAFETY LLC]

[FRANCISCO JAVIER RIOS JR.]

#### OVERVIEW

With a company that has several years of experience and a competent team, we ensure that all fire extinguishers are regularly inspected and maintained according to the standards laid down by the fire code. When you ask the professionals at Night Owl Safety to do the inspection for you, we ensure the best service.

Our reputation was built by our hard-working and highly qualified team of professionals which include technicians, managers, and supervisors, we are dedicated to ensuring consistency in our quality services. A detailed - oriented Fire Extinguisher Technician dedicated to protecting individuals and property from fire damage through comprehensive analysis of existing fire protection methods. Adept at assessing existing preventative procedures and offering techbased solutions. Specialize in servicing and repairing, Night Owl Safety has been operating since November 2021 but has been in the field of safety and protection through sister company Scorpion Security Services which has been operating since November 2018, Night Owl Safety has many years of experience regardless of the company being new through extensive training provided by Mr. Israel Santillan (Laredo Police Academy Instructor) through his training courses that we have attended since 2017 for proper knowledge of Security and safety, the training involved being aware of Fire Extinguishers and Fire hazards, being able to properly use a fire extinguisher and to report any obstructions interfering with fire exits or extinguishers. Owner of Night Owl Safety Francisco Javier Rios jr. has many certifications that make him a very trusted technician and instructor.

I am a seasoned, result-driven, and skillful Fire Extinguisher Technician with over 5 years of experience. I have sound knowledge of all aspects of Security and Fire safety and prevention. I have the reputation of working for high-end organizations handling a wide spectrum of responsibilities. Throughout my experience wif corpion security, I learned how important safety is for our employees, and our clients. Therefore, I took a significant role for the company to have our officers professionally trained and with the basic knowledge of fire prevention and safety.

The years of experience later benefited me as I later engaged in the field of fire extinguisher inspections and fire prevention and safety for local businesses, such as medical facility's (Laredo Hope Ambulance Service, LLP) as well as a transportation company (Obsidian Force Transport). Since I was not licensed, I was not able to service, repair or tag the extinguishers, so my job was to evaluate the extinguishers condition, check if the seal had been tampered with, or if the fire extinguisher pressure was low, or if it needed servicing. Overall, I would give the ellent a regular inspection and educate them with law codes to keep the business from receiving a violation. I would advise the client of the issues and the client will take charge from there to have it serviced. 3 years ago, I studied the NAFED 18 statues and rules book and came across this section under NAFED "NAFED 18 Chapter 7 (Inspections, Maintenance and recharging) Section 7.1.2.3\*\*

"Persons Performing inspections shall not be required to be certified."

What led Francisco to opening Night Owl Safety was his constant concern of safety for his clients as Supervisor for Scorpion Security Services, I made sure our clients were up to date with the fire extinguishers in case of an emergency, made sure there was no obstructions to fire exits or extinguishers, I applied this knowledge in training to our officers.

A visionary, forward-thinking Fire Extinguisher Technician offering three years of progressive progress and outstanding success across multiple Security firms. Outstanding negotiation and relationship administration skills with the ability to motivate teams to outperform expectations. I know that my history and experience along with my attention to detail would be a benefit to the City of Laredo and that the city would find my skills to be essential.

Some of the key competences that I can bring to a new opportunity include:

#### Certifications:

Fel-B License -2777950

ECR ~ 2777954 ~ registration number

Certified Portable Fire Extinguisher Technician (ICC/NAFED)

State Fire Mashal TFM01 - Extinguisher Statues and Rules

#### WE ARE READY 24/7

Night Owl Safety understands that time is a critical factor during any emergency. Day or night, seven days a week, our technicians are on call and ready to respond to any situation.

What we do during inspactions:

- Inspect all the physical and visual elements of all the multiple types of fire extinguishers that
  your company might have, making sure that everything is compilable.
- We varify and tag all the fire extinguisher units that are being used on the premises.
- We verify the last services that were provided to the fire extinguishers, including six-year stickers, verification collars, and hydrostatic testing stickers.
- We make sure that the correct type of fire extinguisher is being used to tackle the appropriate
  type of hazard. The reason being that there are diverse kinds of fire extinguishers for different fire
  hazards. For instance, a fire extinguisher for electricity induced fire is different from the one for mate)
  or gas-induced fire.
- We verify whether the extinguisher is of a reasonable size for the area and for the occupant to handle.

#### Why is it Essential to Get Portable Fire Extinguishers inspected?

Although fire extinguisher seles have gone up, people are still not taking care of the inspection. Fire extinguishers always come first in the line of defense against fire. You always need to be prepared for the worst, and the worst in this scenario is a fire breakout. In such a situation, even if you have fire extinguishers, but they are not maintained and inspected regularly, there is a high probability that they won't adequately, or maybe not even work at all. Therefore, once you get portable fire extinguishers, you need to inspect them regularly; after all, a new regulation of proof in the fire code in Texas demands you to do it.

#### How Often is the inspection Required?

Well, there are some requirements by NFPA (such as the fire code), AHJ in Texas, and in all probability, your insurance company to keep your fire extinguisher maintained and inspected regularly. How often you need to inspect depends on the fire extinguisher, your company, and some other external factors.

- There might be a need for daily or weekly inspections if some conditions are met in your company. You can get to know about it in more detail by contacting experts at Night Owl Safety in Texas.
- The NFPA requires you to carry out monthly inspections of the portable fire extinguishers.
   Your insurance company might demand the same.

#### inspections of Fire Extinguishers: What to Expect

Portable fire extinguishers must be inspected, tested, and mainteined regularly to ensure that they are ready to use. When Night Owl Safety inspectors come to your facility, they visually evaluate each unit for any obstructions. Each fire extinguisher is checked for pressure and recharged as needed. We note that inspections have been done correctly so that your records are up to date if the Texas fire Marshall conducts a review. We can also provide suggestions for new models and service old extinguishers as needed, as well as provide advice and answer any concerns you may have about fire safety and prevention equipment. All of bour technicians are licensed and fluent in national and local fire code and can outfit your space with the proper equipment for maximum protection and code compliance.

We will have servicing assistance 24/7 accordingly; will also undertake responsibility to cover for holidays and weekends.

The relationship that I have with my suppliers will benefit the city of Leredo in meny ways, I can save the city hundreds if not thousands of dollars in a year span due to this relationship that I can utilize to provide the city of Laredo with better deals, and above all a better service as Night Owl Safety is open 24/7 if needed. A supervisor is always on standby, when it comes to servicing, we do operate during business hours and business days, but no need to worry our turneround date can be as fast as 3 business days at the max 7 days which is a normal period.

#### Exhibit C-

I am a cartified fire extinguisher technician holding a Fel-B license with my own ECR registration. I hold several certificates and I can now professionally train and instruct those who are interested in fire safety and prevention courses as I have partnered with J.J. Keller to administer courses such as Fire prevention and response, fire extinguisher use and Hazwoper: Fire prevention and protection. I have also obtained a high score on state Exam Timb1 - Extinguisher statues and rules which is a required state exam to be a cartified technician and passed the Type 8- Test that is required to become a Fire extinguisher technician.

We have provided our clients with the best safety measures to ensure protection to business. We have worked with STI Transportation, Pan America Transportation and many local warehouses, transportation companies like Stand Guard LLC and Obsidian Force transport, medical industry such as Laredo Hope Ambeiance Service, LLP, Automotive and repair with MPD diesel mechanic shap, Scorpion security services, and daycare business Creative Kids Learning Center and many more businesses.

Our duty is to check up on our clients every week to ensure and enforce safety protocols, in case of any damages such as broken hose, tempered seal then I after my inspection it is my duty to inform the owner or manager of the business and let them know what the issue is, from there they will handle it by taking the initiative to service the extinguisher, in this case since I would inspect them since before I was certified, now I am given the privilege to service and repair the fire extinguishers for my clients. As stated in NAFED 18, chapter 7 section 1.2.3

"No license for inspection is needed"

We utilize the latest technology to keep your extinguisher and fire protection equipment up to date and in compliance with the ever-changing fire code laws.

We follow all Laredo Fire Department, Texas Fire Marshal, OSHA, NFPA, and NAFED guidelines for maximum safety and fire protection. We offer all fire extinguisher inspection, servicing and repairing services and supplies.

#### **Night Owl Safety LLC**

#### Inspection Procedures

Performing an inspection is the easiest thing you can do to ensure your extinguisher can be used reliably and effectively in an emergency. At a minimum, inspection needs to consist of the following steps:

Make sura it is located in its designated place

Make sure the extinguisher is visible or that there is signage indicating where the extinguisher is located

Make sure you can easily access the extinguisher

Ensure the pressure gauge is in the operable range or position

Make sure it is full, this can be done by just lifting the extinguisher or you can weigh it

For wheeled extinguishers, make sure the condition of tires, wheels, carriage, hose, and nozzle are acceptable

For non-rechargeable extinguishers, operate the push-to-test pressure indicators

#### Qualifications

You are not required to be certified in order to perform an inspection; any knowledgeable, competent person should be able to do k.

#### Frequency

NFPA 10 requires extinguishers be inspected when they are initially installed and once a month after that. You should inspect extinguishers more frequently if they are installed in locations where they are more prone to rust, impact or tampering.

#### Recordkeeping

Records of the monthly inspections need to be maintained by either putting a tag or label on the extinguisher or by having it recorded on paper or electronic files. The following items need to be recorded:

The month and year of the inspection

The person conducting the inspection

These records need to be maintained for at least 12 months.

#### Maintenance Procedures

Maintenance procedures must include the procedures detailed in the manufacturer's service manual and a thorough examination of the basic elements of the fire extinguisher, including the following:

Mechanical parts of all fire extinguishers

Extinguishing agent

Expelling means

Physical condition

This is completed by doing an external examination. An internal examination can also be required as part of your maintenance. Details on how to do an internal examination are located in your fire extinguisher service manual.

#### Qualifications

Maintenance needs to be performed by a certified person. Certification requires that a person take a test acceptable to the AHJ. A certified person needs to, at the very least, be familiar with the requirements in NFPA 10.

#### Frequency

Fire extinguishers need to have an external maintenance examination conducted on a yearly basis, at the time of hydrostatic test, or when specifically indicated by an inspection discrepancy. Extinguishers need to have an internal examination conducted at anywhere from 1–6-year intervals depending on the type of extinguisher. For example, a dry chemical, stored pressure fire extinguisher must have an internal examination every 6 years, see NPPA 10 Table 7.3.3.1 for more details on other types of fire extinguishers.

#### Recordkeeping

Each fire extinguisher shall have a tag or label securally attached that indicates that maintenance was performed. The tag or label needs to identify the following:

Month and year maintenance was performed

Person performing the work

Name of the agency performing the work

Extinguishers also need a verification-of-service collar located around the neck of the container if an internal examination was conducted. That collar needs to have:

Month and year the work was performed

Norne of the agency performing the work

#### **Hydrostatic Testing Procedures**

A hydrostatic test always begins with an internal and external examination of the extinguisher as described in the maintenance section. The extinguisher then has many of its components removed so it is stripped down to pretty much just the shell and hose and is filled with water at a certain pressure for a certain time. The extinguisher must then be completely dried to get rid of all of the water and is then reassembled and recharged. If there is any leakage, distortion or permanent moving of couplings the cylinder fails the hydrostatic test and it must be condemned.

#### Qualifications

People who do hydrostatic testing need to know what they are doing because it can be dangerous if performed incorrectly. They need to be trained, certified, and have the correct equipment and facility to perform the testing.

#### Frequency

Like internal maintenance, hydrostatic testing is done at different intervals based on the type of extinguisher you have. These are done either every 5 or 12 years. See Table 8.3.1 in NFPA 10 to see which applies to your type of extinguisher.

#### Recordkeeping

For low pressure cylinders a label is required to be attached to the extinguisher. It needs to contain:

The name of the person conducting the test

The date of the test

The pressure at which the test was performed. For high pressure cylinders the testers identification number and the date must be stamped onto the shoulder, top, head, nack or foot ring.

To whom It may concern:

I am delighted to be called upon as a reference for Francisco Javier Rios Jr. In regards of being a fit candidate for the Portable Fire extinguisher inspection and servicing,

In this letter I would like to express my respect and appreciation for this bright young person, who brought outstanding contribution to the work of my organization; Stand Guard LLC, with his current position in the industry of transportation. His knowledge, passion, dedication and commitment have allowed him to be a remarkable member of the transportation industry which has further allowed him to demonstrate his capacity and determination to achieve greatness through his perseverance.

Mr. Rios always takes an active role in assisting Stand Guard LLC with proper knowledge of DOT compliance pertaining to permits and laws and regulations. Mr. Rios provides us with assistance in getting proper permits for our commercial trucks such as oversized and overweight permits, followed by having our paperwork organized and filed for random DOT inspections that includes our insurance, registration and apportioned plate paper work to transport interstate, Mr. Rios also inspects company vehicles to make sure they have their medical kit and fire extinguisher properly equipped and routine checkups for maintenance needed for our commercial trucks, Francisco's skills include marketing, communication, strong critical thinking abilities and integrity.

If his performance in our company is a good indication of how Francisco Rios would perform in yours, he would be an extremely positive asset to your program. In my opinion Mr. Rios is a hard-working self-starter who invariably understands exactly what a project is all about and consistently produces high quality work in a timely fashion, Francisco is incredibly generous with his time and expertise. I am thus convinced that Francisco will prove himself to be a fit and valuable contributor to your department, both as a registered and certified company and as a certified licensed portable fire extinguisher technician, he would be an asset to any organization as he is a very responsible and disciplined individual.

Mr. Rios has my highest recommendation as he consistently impressed me and the rest of the staff with his work ethic, customer service, and burgeoning managerial skills. Please don't hesitate to contact me for any further information let me know if there is any additional information that I can provide to support you in your decision-making process.

#### Terms and Conditions Request for Proposals

TERMS AND CONDITIONS OF INVITATIONS FOR PROPOSALS These Terms and Conditions are considered standard language for all City of Latedo solicitation documents. If any specific proposal requirements differ from the general terms listed here, the specific proposal requirements shall prevail. A response to any Request for Proposal is an offer to contract with the City based upon the terms, conditions, and specifications contained in the City's Request for Proposal. Proposals do not become contracts unless and until they are executed by the City. A contract has its inception in the award, eliminating a formal signing of a separate contract, unless requested by the City. For that that reason, most if not all the terms and conditions of the contract are contained in the Request for Proposal, unless any of the terms and conditions are modified by a Request for Proposal amondment, a contract amendment, or by mutually agreed terms and conditions in the contract documents.

GENERAL CONDITIONS Vendors are required to submit Proposals upon the following expressed conditions:

(a) Vendors shall thoroughly examine the specifications, schedule instructions and other contract documents. Once the award has been made, failure to read all specifications, instructions, and the contract documents, of the City shall not be cause to after the original contract or for a vendor to request additional compensation.

(b) Vendors shall make all investigations necessary to thoroughly inform themselves regarding facilities and locations for delivery of materials and equipment as required by the Proposal conditions. No pleas of ignorance by the vendor of conditions that exist or that may hereafter exist as a result of fallure or omission on the part of the vendor to make the necessary examinations and investigations, or failure to fulfill in every detail the requirements of the contrast documents, will be accepted as a basia for varying the requirements of the City or the compensation to the vendor.

ı

(c) Vendors are advised that City contracts are subject to all legal requirements provided for in the City Charter

and/or applicable City Ordinances, State and Federal Statutes.

PREPARATION OF PROPOSALS. Proposals will be prepared in accordance with the following:

(a) All information required by the proposal form shall be furnished. For hand delivered aubmittals only, the vendor shall print or type the husiness name and manually sign the schedule. For electronic submittals, this information shall be submitted electronically on Cit-B-Bid system.

(b) Unit prices shall be shown and where there is an error in extension of price, the unit price shall govern.

(a) Alternate Proposals will not be considered unless authorized by the invitation for proposals or any applicable addendum.

(d) Proposed delivery time must be shown and shall include business days.

(e) Vendors will not include Federal taxes or State of Texas limited sales tax in proposal prices since the City of Laredo is exempt from payment of such taxes. An exemption certificate will be fluidshed upon request.

2.0 DESCRIPTION OF SPECIFICATIONS & SUBSTITUTIONS It is the responsibility of the prospective promoter to review the entire invitation to proposal packet and to notify the City of Laredo if the specifications are formulated in a manner that would restrict competition. Any such protest regarding the specifications or proposal procedures must be received by City of Laredo no less than seventy-two hours prior to the time set for proposal opening. Vendors are required to state exactly what they intend to furnish. Otherwise, when applicable, vendors will be required to furnish the items as specified.

3.0 SUBMISSION OF HAND DELIVERED PROPOSALS

(a) Proposals and changes thereto shall be enclosed in needed envelopes, properly addressed and to include the data and hour of the Proposal opening and the material or services. Proposal shall be typed or written on the face of the envelope. Unless otherwise noted on the Notice to Vendors cover sheet, all hand delivered Proposals must be submitted to: City of Laredo, City Secretary's Office.

City Hall Third Floor, 1110 Houston Street.

(b) Proposals forms can be downloaded and printed through Cit-E-Bkl. Mailed Proposals (i.e. USPS, FedEx, UPS), telegraphic, or facsimile proposal will not be considered.

(c) Samples, when required, thust be submitted within the time specified, at no expense to the City of Laredo. If not destroyed or used up during testing, samples will be returned upon request at the Vendors expense.

(d) Proposals must be valid for a period of one hundred and twenty (120) days. An extension to hold proposal pricing for solual quantity proposals may be requested by the City.

(e) The City shall pay no costs or other amounts incurred by any entity in responding to this RFP, or as a result of issuance of this RFP.

4.0 REJECTION OF PROPOSALS The City may reject a proposal if:

(a) Vendor misstates or conceals any material fact in the proposal.

(b) Proposal dues not strictly conform to the law or the requirements of the proposal.

(c) Vendor is in arrears on existing contracts or taxes with the City of Larodo.

(d) If proposals are conditional. Vendor may qualify their Proposal for acceptance by the City on an "ALL OR NONE" basis. An "ALL OR NONE" basis proposal must include all items in the specifications.

(e) In the event that a vendor is defluquent in the payment of City of Laredo taxes on the day the proposals are opened, including state and local taxes, such fact may constitute grounds for rejection of the proposal or canoellation of the contract. A vendor is considered dulinquent, regardless of any contract or agreed Judgments to pay such delinquent taxes.

(f) No proposal submitted herein shall be considered, unless the vendor warrants that, upon execution of a contract with the City of Laredo, vendor will not ougage in employment practices such as discriminating against employees because of race, color, sax, creed, or national origin. Vendor will submit such reports as the

City may therefore require assuring compliance with said practices.

The City may reject all proposals or any part of a proposal whenever it is deemed necessary.

(b) The City may waive any minor informalities or irregularities in any proposal.

5.0 WITHDRAWAL OF PROPOSALS Proposals may not be withdrawn after they have been publicly opened, unless approved by the City Council.

LATE PROPOSALS OR MODIFICATIONS Proposals and modifications received after the time set for the 6.0 submittal deadline will not be considered. Late proposals will be returned to the vendor unopened.

7.0 CLARIFICATION AND PROTEST PROCEDURE

It is the responsibility of the prospective promoter to review the entire invitation to proposal packet and to notify the City of Laredo If the specifications are formulated in a monner that appears ambiguous. Any request for clarification or additional information must be submitted in writing through small or Questions & Responses section on Cit-E-Bid system no later than seven (7) days prior to the scheduled date for opening to: CITY OF LAREDO PURCHASINO AGENT

Miguei A. Peacador, 5512 Thomas Avenue,

Laredo, Texas 78041

proceedor@ci.laredo.tx.us

Any vendor submitting questions shall make reference to a specific RFP number, section, page and item of this solicitation. Questions untimely submitted may not elicit a response. It is the bidder's responsibility to follow up and make certain that the request was received. In case there are changes, additions, and/or edits to the original scope, an addendum will be issued by the Purchasing Agent to all vendors through Cit-E-Bid system under Questions and Reponses section to clarify any inquiries. The City will not be responsible for any other interpretations of the proposal During the RFP process, bidder, or any persons acting on their behalf, shall not contact any City official or employee staff except those specifically designated in this or another subsequent solicitation document. Pursuant to \$4.03 of the City Biblios, non-compliance with this provision may result in disqualification of the offer involved.

For solicitations for goods and non-professional services valued at more than \$50,000, bidders will have ten (10) calendar days prior to the time that the City Council formally considers the contract to submit a written protest relating to advertising of proposal notices, deadlines, proposal acknowledgement, and all other related procedures under the Local Government Code, as well as any protests relating to alleged improprieties or ambiguities in the specifications. If the vendor does not file a written protest within this time, the vendor will

have waived all rights to formally protest the intent to award.

All protests regarding the proposal solicitation process must be submitted in writing by certified mail to: CITY OF LAREDO PURCHASING AGENT

Miguel A. Pescador 5512 Thomas Avenue

Laredo, Texas 78041

mpescedon@cl.laredo.tx.us

Within five (5) business days of receiving a timely protest, the Purchasing Agent shall provide written response to the protesting vendor of the decision following a review of the legitimacy and procedural correctness of the procurement documents. A protesting vendor may appeal to the Laredo City Manager if dissatisfied with the decision of the Purchasing Agent. Only after exhausting all administrative procedures through the City Manager is a protesting vendor then entitled to appeal the award of the contract to the Laredo City Conneil.

#### 8.0 VENDOR DISCOUNTS

(a) Percentage discounts within a certain period of time will be accepted but cannot be used in RFP evaluations. The period of the discount offered should be sufficient to permit payments within such period in the regular course of business by the City of Lando.

(b) In connection with any discounts offered, time will be computed from the date of receipt of supplies or service or from the date a correct invokes is received, whichever is the later date. Payment is desmed to be made on the date the check is malled.

#### 9.0 INTENT OF CONTRACT

(a) ANNUAL SERVICE CONTRACT: The services are based on the best available information. The purpose of this contract is to establish prices for the commodities or services needed, should the City need to purchase these commodities or services. Since the quantities are estimates, the City may purchase more than the estimated quantities, less than the estimated quantities, or not purchase any quantities at all. The needs of the City shall govern the amount that is purchased and change orders shall not be applicable. The City's obligation for performance of an annual service contract beyond the current fiscal year is contingent upon the availability of appropriated funds from which payments for the contract purchases can be made. If no funds are appropriated and budgeted during the next fiscal year, this contract becomes null and void.

#### 10.0 AWARD OF CONTRACT

The contract will be awarded based on (best value criteria) as follow and in accordance with the provisions of Chapter 252 and 271 of the Taxas Local Government Code. There will be one primary and one secondary vention for this contract. Definition of best value criteria as per The Institute for Public Procurement is:

"Best Value: I. A procurement method that emphasizes value over price. 2. An assessment of the return that can be achieved over the useful life of the Item, e.g., the best combination of quality, service, time, price."

If the awarded responder is unable to meet the requirements of the City, services/products may be purchased from the next best available Vender until a Vender is found that can complete the requirements of the City. This RFP shall not to be construed by any party as an agreement of any kind between the City and such party. The award of a contract shall be subject to the approval of the City Council. Following an award, City in its sole option may elect to negotiate a formal agreement with Vendor that will include by reference the terms of the RFP and related responses. In the event an Agreement cannot be reached with the selected Vendor, the City reserves the right to select and negotiate with an alternate Vendor. The City reserves the right to select and negotiate with an alternate Vendor. The City reserves the right to select and negotiate with an alternate Vendor. The City reserves the right to select and negotiate with an alternate Vendor. The City reserves the right to select and negotiate with an alternate Vendor. The City of Laredo specifications, limitation. The Vendor shall bear the burden of proof of compliance with the City of Laredo specifications. When applicable, prices must be quoted F.O.B. Destination, Laredo, Texas, unless otherwise specified in the invitation to proposal. The place of delivery shall be set forth in the purchase order and/or formal contract agreement when applicable.

The City shall give written notice to the Vendor if any of the following conditions exist:

 Vendor does not provide materials in compliance with specifications and/or within the time schedule specified in proposal;

(2) Vender neglects or refuses to remove materials or equipment which have been rejected by the City of Laredo if found not to comply with the specifications; or,

(3) Vendor makes an unauthorized assignment. Upon receiving written natification from the City that one of the above conditions has occurred, the Vendor must remedy the problem within seven (7) business days, to the complete satisfaction of the City, or the contract will be immediately canceled.

#### 11.0 PAYMENT & INVOICING

(a) All invoices to the City of Lacedo have a 30 day term from receipt of supplies or completion of services.

(b) Discount terms will be computed from the date of receipt and acceptance of supplies or services. Payment shall be deemed to be made from that date.

(c) All lavolces must show the purchase order number and involces shall be legible. Items bliled on involces should be specific as to applicable stock, manufacturer catalog or part number. Conflict of Interest Displosure:

A form disclosing potential conflicts of interest involving countles, cities, and other local government entities may be required to be filled after January 1, 2006, by vendors or potential vandors to local government entities. The new requirements are set forth in Chapter 176 of the Texas Local Government Code added by H.B. No. 914 of the last Texas Legislature.

#### 13.6 TEXAS ETHICS COMMISSION (Form 1295, Attached)

Certificate of Interested Parties (Form 1295)

Implementation of House BHI 1295: In an effort to comply with state law the certificate of interested parties must be filled out once a vendor has been granted a contract. All of this information can be found on the state of Texas website, please use this link provided, https://www.cthles.state.tx.us/teo/i 295-Info.html

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Coverement Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency.

The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least \$1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

In order to comply with state law, the Cartificate of Interested Parties (Form 1295) must be submitted to the Texas Effices Commission within 10 days upon receiving notice of award of contract. This form must be submitted within the allotted time otherwise this will result in the cancellation of the contract.

## 14.0 DISQUALIFICATION & DEBARMENT CERTIFICATION

By submitting this Statement of Qualifications, the firm certifles that it is not currently debarred or eligible for debarrent from the City of Laredo pursuant to Ordinance No. 2017-O-098, and that it is not an agent of a person or entity that is currently debarred from receiving contracts from any political subdivision or agency of the State of Texas. The contract parties are further prohibited from making any award at any tier to any party that is debarred or suspended or otherwise excluded from or ineligible for participation in Federal Assistance Programs under Executive Order 12549, "Debarment and Suspension." By executing this agreement, the Engineer certifies that it is not currently debarred, suspended, or otherwise excluded from or ineligible for participation in Federal Assistance Programs under Executive Order 12549. The parties to this contract shall require any party to a subcontract or purchase order swarded under this contract to certify it eligibility to receive Federal funds and, when requested by the City, to furnish a copy of the certification.

Additionally, in accordance with Chapter 2276, Texas Government Code, a governmental entity may not enter into a contract with a company for goods or services unless the contract contains a written verification from the company that it: (1) does not boycott Israel; and (2) will not boycott Israel during the term of the contract. The signatory executing this contract on behalf of company verifies that the company does not howcott Israel and will not boycott Israel during the term of this contract.

S.B. 232 (V. Taylor/S. Davis) is a bill relating to government contracts with terrorists. The bill provides that: (1) a governmental entity, including a city, may not enter into a governmental contract with a company that is identified on a list prepared and maintained by the companyler and that does business with Iran, Sudan, or a foreign terrorist organization; and (2) a company that the United States government affirmatively declares to be excluded from its federal senctions regime relating to Sudan, its federal senctions regime relating to Iran, or any federal senctions regime relating to a foreign terrorist organization is not subject to the contract prohibition under the bill.

#### 37.0 Tab C- Conflict of Interest Disclosure

A form disclosing potential conflicts of interest involving counties, cities, and other local government entities may be required to be filed after January 1, 2006, by vendors or potential vendors to local government entities. The new requirements are set forth in Chapter 176 of the Texas Local Government Code added by H.B. No. 914 of the last Texas Logislature.

Companies and individuals who contract, or seek to contract, with the City of Laredo and its agents may be required to file with the City Secretary's Office, 1110 Houston Street, Laredo, Texas 78040, a Conflict of Interest Questionnaire that describes affiliations or business relationships with the City of Laredo officers, or certain family members or business relationships of the City of Laredo officer, with which such persons do business, or any gifts in an amount of \$250.00 or more to the listed City of Laredo officer (s) or certain family members.

The new requirements are in addition to any other disclosures required by law. The dates for filing disclosure statements begin on January I, 2006. A violation of the filing requirements is a Class C misdemeanor.

The Conflict of Interest Questionnaire (Form CIQ) may be downloaded from <a href="http://www.ethics.state.tx.us/whatsnew/conflict forms.htm">http://www.ethics.state.tx.us/whatsnew/conflict forms.htm</a>.

#### 40.0 Tab F - Cerifficate of Interested Parties (Form 1295)

In an effort to comply with state law the certificate of interested parties must be filled out once a vendor has been granted a contract. All of this information can be found on the State of Texas website, pleass use this link provided, <a href="https://www.ethics.state.by.us/fec/1295-lafe.htm">https://www.ethics.state.by.us/fec/1295-lafe.htm</a>.

Implementation of House Bill 1295

#### 40.1 Certificate of Interested Parities (Form 1295):

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2232,908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least \$1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Bibles Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and pust a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new roles (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

#### 40.2 Filing Process:

Staring on January 1, 2016, the commission will make available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form and have the form notarized. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. The commission will post the completed Form 1295 to its website within seven business days after receiving notice from the governmental entity or state agency.

Information regarding how to use the filing application will be available on this site starting on January 1, 2016.

## Office of the Secretary of State

October 07, 2021

Attn: Ambitious Management Ambitious Management 1802 Houston ST Laredo, TX 78040 USA

RP: Night Owl Safety LLC File Number: 804259561

It has been our pleasure to file the certificate of formation and issue the enclosed certificate of filing evidencing the existence of the newly created domestic limited liability company (tic).

Unless exempted, the entity formed is subject to state tax laws, including franchise tax laws. Shortly, the Comptroller of Public Accounts will be contacting the entity at its registered office for information that will assist the Comptroller in setting up the franchise tax account for the entity. Information about franchise tax, and contact information for the Comptroller's office, is available on their web site at <a href="https://window.state.tx.us/taxinfo/franchise/index.html">https://window.state.tx.us/taxinfo/franchise/index.html</a>.

The entity formed does not file annual reports with the Secretary of State. Documents will be filed with the Secretary of State if the entity needs to amend one of the provisions in its certificate of formation. It is important for the entity to continuously maintain a registered agent and office in Texas. Failure to maintain an agent or office or file a change to the information in Texas may result in the involuntary termination of the entity.

If we can be of further service at any time, please let us know

Sincerely,

Corporations Section

#### WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 87-2998361. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

When filing tax documents, payments, and related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear off stub and return it to us.

A limited liability company (ULC) may file Form 8832, Entity Classification Election, and elect to be classified as an association taxable as a corporation. If the LLC is eligible to be treated as a corporation that mosts certain tests and it will be electing 8 corporation status, it must timely file form 2553, Election by a Small Business Corporation. The LLC will be treated as a corporation as of the effective data of the 8 corporation election and does not need to file Form 8832.

RE: Night Owl Safety LEC File Number: 804259561

It has been our pleasure to file the certificate of formation and issue the enclosed certificate of filing evidencing the existence of the newly created dumestic limited liability company (No).

Unless exempted, the entity formed is subject to state tax laws, including franchise tax laws. Shortly, the Comptroller of Public Accounts will be contacting the entity at its registered office for information that will assist the Comptroller in setting up the franchise tax account for the entity. Information about franchise tax, and contact information for the Comptroller's office, is available on their web site at <a href="https://window.state.ix.us/faxinfo/franchise/index.intml">https://window.state.ix.us/faxinfo/franchise/index.intml</a>.

The entity formed does not file annual reports with the Secretary of State. Documents will be filed with the Secretary of State if the entity needs to amend one of the provisions in its certificate of formation. It is important for the entity to continuously maintain a registered agent and office in Texas. Failure to maintain an agent or office or file a change to the information in Texas may result in the involuntary termination of the entity.

If we can be of further service at any time, please let us know

Sincerely,

Corporations Section Business & Public Fillings Division (312) 463-5555
