SUBJECT: Texas Best Practices Program- TML Funding

Be advised that the fire department is applying for the Texas Best Practices Program through the Texas Fire Chiefs Association (TFCA). This program allows the department to assess its services and, expectantly, receive recognition for its outstanding operations. The Texas Municipal League (TML) offers initial funding for registration in this program, with a cost of \$2,800.00 based on the size of the department. Attached document serves as the application for TML to provide the initial funding for this program.
