COMMITTEE RECOMMENDATION

The Planning & Zoning Commission is a 7 to 0 vote recommended **approval** of the Special Use Permit, and one (1) person abstained from voting for the Special Use Permit.

STAFF RECOMMENDATION

A Special Use Permit is used for those types of uses that warrant individual attention on a case by case basis and should not be categorized in a zoning district. A Special Use Permit is basically an overlay on top of the existing zoning designation and can be limited in many respects such as time, fencing, setbacks, landscaping, etc. A Special Use Permit is required for those restaurants located in R-O, B-1, or B-3 districts that wish to serve alcoholic beverages. The property is in a B-3 (Community Business District) zoning district.

Staff **supports** the proposed Special Use Permit at this location for the following reasons:

1. The proposed use is in conformance with the Comprehensive Plan's Neighborhood Mixed-Use designation, which does allow B-3 zones.
2. The site does meet the minimum distance requirement of 300 feet between the proposed use and the nearest residential district use, park, school, or church as per the Laredo Land Development Code Section 24.65.15. The distance to the nearest residential district use is about 492 feet.
3. Although, the proposed use does not meet the required parking as per the Laredo Land Development Code Section 27.78.3, most existing uses and hours of operations do not overlap, and there are some vacant suites available. The commercial plaza has a total of 289 parking spaces. The total amount of spaces needed for the proposed restaurant and the commercial plaza are 323 parking spaces as per the Laredo Land Development Code Section 27.78.3.
 - Proposed restaurant requires = 50 parking spaces
 - Remaining commercial plaza requires = 273 parking spaces

If approved, Staff suggests the following conditions:

1. The Special Use Permit is issued to Ernesto Trevino.
2. The Special Use Permit is restricted to the site plan, which is made part hereof for all purposes (Suites 205-206, 4,100 square feet).
3. The hours of operation shall be limited to, from Monday to Sunday, 11:00 a.m. to 2:00 a.m.
4. Lighting of property shall be screened to avoid adverse impact on adjacent residential neighborhoods.
5. Landscaping shall be provided in accordance with the City of Laredo Land Development Code. The owner shall provide an opaque fence or wall of not less than 7 (seven) feet in height along any side or rear property lines which abut or adjoin property containing a residential use or residential zoning district. Apartment complexes, residential condominiums or residential townhomes shall be similarly screened irrespective of which zoning district they occur in.
6. Establishments must make provisions to keep litter to a minimum, and to keep it from blowing onto adjacent streets and properties.
7. Signage shall be consistent with the City's Sign Ordinance and TABC rule or regulation.
8. Off-street parking shall be provided in accordance with the City of Laredo Land Development Code.
9. Outdoor music and speakers are prohibited. There shall be no ground vibrations created or sustained on the site which are perceptible without instruments at any point on any property adjoining the subject property.
10. At all times the restaurant is open to the public for business, it shall continually maintain and serve food from its full-service menu.
11. The restaurant shall not exceed the "Occupant Load" as set forth in the Certificate of Occupancy with Occupant Load.
12. The restaurant shall, during all hours of operation, maintain, free from obstruction or impediment to full instant use in the case of fire or other emergency, all exit accesses, exits or exit discharges.
13. The restaurant shall undergo an annual Fire Inspection.

14. All permits, licenses, certifications and inspections required by the codes and ordinances of the City of Laredo shall be kept up to date and current including but not limited to: a. Food Manager License (annual), b. Food Handler's Permit (annual), c. Certificate of Occupancy with Occupant Load. Occupant Load being the approved capacity of a building or portion thereof.
15. Owner shall comply with, Building, Health, Safety, and all applicable codes and regulations as required.
16. The restaurant shall maintain and comply with the BLUE Gun Sign regulations as per TABC (not to exceed the required alcohol sales percentage).
17. The restaurant shall provide the City of Laredo, Planning Department with a copy of the current TABC License to include but not limited to any renewals or amendments as they occur.

Staff **supports** the application.

Is this change contrary to the established land use pattern?

No, the zone will not change. The zone will remain a B-3. Therefore, the land is in conformance with the Comprehensive Plan's Neighborhood Mixed-Use designation, which does allow B-3 zones.

Would this change create an isolated zoning district unrelated to surrounding districts?

No, the zone does not change. The zone will remain a B-3, but if approved, an SUP overlay will be added for the proposed use.

Will change adversely influence living conditions in the neighborhood?

No, there are commercial uses already adjacent to the property. There is no negative impact towards the influence of the living conditions.

Are there substantial reasons why the property cannot be used in accordance with existing zoning?

Yes, the underlying zone requires the SUP overlay to allow for a restaurant serving alcohol.

1. The first step in the process is to identify the problem. This involves gathering information about the situation and understanding the needs of the stakeholders involved.

2. Once the problem is identified, the next step is to develop a plan. This involves setting goals, identifying resources, and determining the steps that need to be taken to address the problem.

3. The third step is to implement the plan. This involves putting the plan into action and monitoring progress to ensure that the goals are being met.

4. Finally, the fourth step is to evaluate the results. This involves assessing the effectiveness of the plan and making adjustments as needed to improve the outcome.

Abstract—The purpose of this study was to determine if there were differences in the prevalence of musculoskeletal disorders among different types of jobs. The subjects were 600 men employed by a large manufacturing company. They were divided into three groups based on their job type: manual labor, semi-skilled work, and professional/managerial work. Data were collected through self-reported questionnaires and medical records. Results showed that the prevalence of musculoskeletal disorders was highest among manual laborers, followed by semi-skilled workers, and lowest among professionals/managers.
