RECITALS

Pursuant to the Schools and Libraries Universal Services Support Mechanism (E-Rate) contained in the Universal Service Provisions of the Telecommunications Act of 1996 [47 U.S.C. § 254. Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 56 (1996) ("1996 Act")], Applicant advertised for certain telecommunications, Internet, and internal connections services. Provider submitted bid to provide same. In accordance with the requirements of the regulations implementing the Act, Applicant considered the bid and determined that it should be accepted. The parties are now ready to enter into a contract for the furnishing of such services and/or products and they set their agreement in writing as follows:

AGREEMENT

For and in consideration of the payment of the sums of money specified herein, together with other good and valuable consideration, Provider does hereby agree to furnish, and Applicant does hereby agree to accept and pay, the discounted price for the services bid.

The applicable term of this contract shall commence on July 1, 2024, for all recurring services and shall terminate on June 30, 2025 for those services. The applicable term date for non-recurring services and products shall commence on April 1, 2024, and shall terminate on September 30, 2025. The contract expiration date for non-recurring services shall be automatically extended to align with Universal Services Administrative Company ("USAC") authorized extensions.

If USAC, or its successor, should fail to approve all of or any part of the services and products covered by this contract, then the Applicant shall have the right, at its option, to cancel this contract, as to that part of the services and products disallowed for discount pricing.

The total costs of the services and/or products shall not exceed \$ 536,311.75 (pre-discount amount). In no circumstances shall Applicant be liable for an amount exceeding the Applicant's non-discount share, unless Applicant's governing board specifically waives this provision in writing.
